**Architecture**

|     |  |
|-----|--|
| A1  | Key plans and notes                                      |
| A2  | Site plan  |
| A3  | Roofing plans - Demolition                               |
| A4  | Roofing plans - Construction                             |
| A5  | Reflected ceiling plans of attic - Demolition            |
| A6  | Reflected ceiling plans of attic - Construction          |
| A7  | Floor plans of attic - Demolition                        |
| A8  | Floor plans of attic - Construction                      |
| A9  | West elevation - Demolition                              |
| A10 | West elevation - Construction                            |
| A11 | East elevation - Demolition                              |
| A12 | East elevation - Construction                            |
| A13 | North and south elevations - Demolition and construction |
| A14 | Photos and list of stones for chimney 1                  |
| A15 | Photos and list of stones for chimney 2                  |
| A16 | Photos and list of stones for chimney 3                  |
| A17 | Photos and list of stones for chimney 4                  |
| A18 | Photos and list of stones for chimney 5                  |
| A19 | Photos and list of stones for chimney 6                  |
| A20 | Photos and list of stones for chimney 7                  |
| A21 | Photos and list of stones for chimney 8                  |
| A22 | Sections - Demolition                                    |
| A23 | Sections - Construction                                  |
| A24 | Sections - Construction                                  |
| A25 | Sections and details - Construction                      |
| A26 | Sections - Demolition and construction                   |
| A27 | Sections – Construction                                  |
| A28 | Key plan and details                                     |
| A29 | Notes - photos   |
| A30 | Photos of existing conditions                            |
| A31 | Photos of existing conditions                            |
| A32 | Photos of existing conditions                            |
| A33 | Photos of existing conditions                            |

**Environment**

No drawing (specifications only).

**Structure**

|    |   |
|----|---|
| S1 | Trusses - Cross sections and details of repairs         |
| S2 | Trusses - Cross sections and details of repairs         |
| S3 | Cross sections and details of truss and chimney repairs |
