Solicitation Amendment # 10

1. This Amendment is being issued to extend the closing date of the solicitation until June 11, 2015 14:00 Eastern Standard Time

2. At Annex A: Specification 10.3.8

Delete: In its Entirety
Replace With:

10.3.8 Butts and seams falling in way of any fuel tanks will require fuel tank to be gas freed and certified safe for hot work. If required this will be addressed by PWGSC 1379 action.

3. Amend Annex H, Appendix 1 Table 1 with the following changes:

- a) Item 24 10.3.3 add cost of 1500 linear ft gouging and Unit Cost per linear feet
- b) Item 24 10.3.3 add cost of 1000 linear ft grinding and Unit Cost per linear feet

| | | | | | | | | |

Question 27:

Could you please provide the Inspection report referenced at 28.2.2 - Inspection Report of CCGS Henry Larsen-DAF Telescopic Hangar, CME Ltd?

Answer 27:

Please view attached document

Question 28:

Could you provide drawings for the Hanger structure?

Answer 28:

Please view attached document

Question 29:

We are requesting drawing 15-0252-00 and 15-0252-01(deck covering plan

Answer 29:

Please view attached document

Question 30:

For a number of jobs on the price and data sheet for the Larsen, we are providing unit prices for individual cables, power panels etc. Do these unit prices include labour for physically installing such cables and units or are we just providing a unit price for the cost of the material.

Answer 30:

The intent is for the bidder just to provide a unit price for the material. The cost of labour for the specification should be included in the "Total Spec requirement" if there are multiple line items in the Item.

Question 31:

At 10.3.8, you state that seams falling in the way of any fuel tanks will require the fuel tank(s) to be gas-freed and certified safe for hot work. However, we cannot know if this will be the case, since we do not know the location of the seams to be repaired. Therefore, it would be preferable to process the cleaning and gas-freeing of the fuel tanks, if required, using Form 1379.

Answer 31:

10.3.8 to be amended to state Butts and seams falling in way of any fuel tanks will require fuel tank to be gas freed and certified safe for hot work. *If required This will be addressed by PWGSC 1379 action.*

Question 32:

At 11.2.1 : Are the units in the column "SIZE" in m³?

Answer 32:

Yes

Question 33 :

At Paragraph 11.3.5 and 11.3.6, can you specify the total surface of the 7 compartments, the percentage (%) of required SSPC-SPC1 preparation per compartment and specify the surface percentage to be painted (for instance 50% for the first layer and 100% for the second layer).

Answer 33:

No – information of that detail is not available. The standard quoted is SSPC-SP11 required for 100% of surface area, the surface area for painting shall be 100 % of the surface area for coats as per specification. Surface preparation and coating application should be bid upon utilizing the surface areas provided in 11.3.6.

Question 34:

You state at 10.3.3 The contractor is to bid on 1500 linear feet of gouging and 1000 linear feet of grinding and unit cost for each. Yet we do not find a line in the pricing data sheet – please advise as to how to proceed.

Answer 34:

The Pricing data sheet has been amended to capture 10.3.3. Please find attached on the Buy and Sell site - for Bidders ease of use a revised Bidders Annex H Appendix 1 Table 1 titled " Bidders Annex H Appendix 1 Revision 2" capturing the addition. Bidders are reminded that it is the Bidders responsibility to keep the table updated.

Question 35:

Due to the fact that there are a large number of suppliers and FSR's necessary for this bid, it is taking quite some time to get all necessary quotes back, plus we still do not have the minutes from the bidder's conference. Therefore in order to prepare a competitive, compliant bid we are requesting a 2 week extension on the submission deadline.

Answer 35:

Canada will provide a 1 week extension. The Closing date will be extended until 14:00 EST, June 11, 2015. Please note that due to Operational factors Canada is unable to accept any further future requests for extension to this solicitation.
