<b>THIS DOCUMENT CONTAINS A SECURITY REQUIREMENT. LE PRÉSENT DOCUMENT COMPORTE UNE EXIGENCE EN MATIÈRE DE SÉCURITÉ.</b>	

**This amendment is raised to answer questions and make two amendments to the solicitation:**

- Q1. Stream 3 Kantech sites and locations. Do these sites have emergency elevator phones that are monitored by the Kantech system? If so does the CRA know approximately how many?
- A1. **Elevator phones are not monitored by the Kantech system at any site. Elevators are not under the responsibility of CRA.**
- Q2. If there is elevators, are they on a access reader?
- A2. **Some CRA sites may have the elevators programmed through the access card system. CRA does not have a listing of these sites.**
- Q3. How is the Intrusion system currently being monitored? (eg) In house or outside alarm company provider.
- A3. **The majority of the CRA intrusion alarm systems are being monitored by an outside service provider.**
- Q4. In Annex H System components under stream 3 Kantech CCTV AXIS-6035 is written twice was this an error?
- A4. **This was written twice in error, the second one should read AXIS – 6034. Please see the amendment below.**
- Q5. Part 6, 6.1 (Page 19 of the tender) 1. C) The Bidder must provide the name of all individuals who will require access to classified or protected information, assets or sensitive work sites.  
Is the bidder required to provide this prior to the contract award?
- A5. **Yes, please see amendment below.**
- Q6. In regards to the Attachment 1: Mandatory Criteria (Page 33 of the tender) M1. Most of the items in Annex H for the minimum parts list are purchased (by offerer) from OEM Distributors and not directly from the OEM. Will an MSRP price list from Distributor, Authorized Dealer meet this requirement?
- A6. **No, an MSRP price list will not meet requirement M1as MSRP typically includes a mark-up percentage. CRA will be evaluating the mark-up percentage separately in F3.**
- Q7. In regards to the Attachment 2: Financial Proposal (Page 35 of the tender) F3. In M1 you reference the OEM Price (MSRP?) F3 speaks to OEM Cost. The offerer may buy from an OEM or a Distributor, in either case are you looking for the price to offerer (from OEM or Distributor)
- A7. **In M1, CRA is looking for the costs in which the OEM is charging for specific parts without the addition of a mark-up percentage. In F3, CRA is looking for the mark-up percentage that the bidder will add to the OEM cost.**

**THE SOLICITATION IS HEREBY AMENDED AS FOLLOWS:**
