SCOPE OF WORK

Marginal Wharf Reconstruction – St. David’s (Crabbe’s River), NL

Supply all plant, labour, materials, and equipment for marginal wharf reconstruction at the existing DFO (SCH) wharf facilities at St. David’s (Crabbe’s River), NL as per the plans and specification.

The scope of work consists of the furnishing of all plant, labour, equipment, and material for marginal wharf reconstruction at the existing wharf facilities at St. David’s (Crabbe’s River), in strict accordance with the specification and accompanying drawings, and subject to all terms and conditions of the Contract.

The project work will consist of, but will not necessarily be limited to, the following:

- Demolition, removal, and disposal of the existing treated timber cribwork marginal wharf. All demolished and excavated materials to be disposed of at an approved waste disposal site.
- Construction of a new treated timber step cribwork marginal wharf, complete with reinforced concrete deck to the dimensions as indicated on the drawings.
- Supply and installation of structural timber including treated timber coping, wheelguard, wheelguard blocking, and untreated hardwood fender system and ladders.
- Supply and installation of Type “B1” mooring cleats and mooring rings.
- Supply and installation of timber utility pole and empty PVC electrical conduits for future electrical shore power and area site lighting.
- Class B dredging as indicated on drawings.

FAMILIARIZATION WITH SITE

Before submitting a bid, it is recommended that bidders visit the site and its surroundings to review and verify the form, nature, and extent of the work, materials needed for the completion of the work, the means of access to the site, severity, exposure and uncertainty of weather, soil conditions, any accommodations they may require, and in general shall obtain all necessary information as to risks, contingencies and other circumstances which may influence or affect their bid. No allowance shall be made subsequently in this connection on account or error or negligence to properly observe and determine the conditions that will apply.

Fisheries and Oceans
Canada

Contractors, bidders, or those they invite to site are to review specification Section 01 35 28 – Health and Safety Requirements before visiting site. Take all appropriate safety measures for any visit to site, either before or after acceptance of bid.

Bidder's must obtain prior permission from the Contracting Officer before carrying out such site inspection via email at Lynda.Coulombe@dfo-mpo-gc.ca or 619-93-2839

Mandatory Requirements:

- The minimum acceptable amount of Public Liability and Property Damage Insurance is \$2,000,000.00 per occurrence. All tenders **must** be accompanied by confirmation from the tenderer's insurance company that the required insurance will be available upon contract award;
- The tenderer must provide tender security, at the tenderer's own cost, in accordance with the document entitled "Tender Security Requirements" as Bid Security is required for bids over \$100,000. Under these circumstances, the Tender and **original signed Bid Bond** must be delivered to the Closing Location prior to the closing date.

Note: All tender securities (Bid Bond) will be returned except that of the successful tenderer (Bidder), which will be retained until the successful tenderer (Contractor) has completed the said contract.

Work site location: St David's (Crabbe's River), Newfoundland

Expected Start and Completion Dates:

The services of the Contractor will be commencing upon award of the Contract.
The expected completion date of this project is October 30th, 2015.

Security Requirement: There is no security requirement for this project.

Ownership of Intellectual Property: Not Applicable.

Question and Answer period: DFO will accept questions from Bidders **until Thursday, June 11, 2015**. These are to be sent **directly and only** to the contracting Officer listed below.

Enquiries regarding this Invitation to Tender are **ONLY** to be submitted in writing by emailing to the following:
