**This amendment is raised to respond to Questions and Answers received regarding this solicitation.**

1. Please confirm pricing criteria - per Litre or per package, and if the packages are in a case, such as 12 x 1 L, should we quote for each bottle or 12 x 1 L case ? -

**A = prices are to be quoted per each Container or Bottle or Drum or Can or Litre, as listed on Annex B.**

2. Please advise on minimum order criteria. Can a supplier identify a minimum volume for orders so that extra freight is not a factor? -

**A = There will be no minimum volume or quantities for orders; pricing is to be listed for each Base separately, FOB destination, including all charges.**

3. What is the normal lead time for delivery of orders for business that is outside of the exercise periods where 72 hrs is required? -

**A = Normal delivery time is 7 to 14 days.**

4. Can we substitute alternate package sizes, such as 350 mL for 480 mL, or 4 L for 1 L ? -

**A = Do not substitute package sizes. Some items are listed by 4 litre or by 1 litre as we require both sizes.**

5. Are the Antifreeze products to be Pure (concentrate) unless otherwise specified as pre-mix?

**A = Unless specified, all Antifreeze products are concentrated.**

6. Item 31 refers to "Pink Antifreeze", is this Propylene Glycol? -

**A = This is plumbing / RV antifreeze and is good for -50 degrees Celcius. It is Propylene Glycol.**

7. Items 81 - 83 refer to 10W30 (non-synthetic), is the oil required for Passenger Cars or Heavy Duty - is it for gasoline or diesel engine service ? -

**A = These are for passenger cars with gasoline engines.**
