### **Amendment No. 002**

This amendment is being raised to provide responses to Requests for Clarification.

#### **REQUESTS FOR CLARIFICATION**

Q1. Please provide clarification regarding the level of experience (e.g., number of years of experience and/or qualifications) required for the positions listed in RS 2 Construction and Contract Administration and RS 3 Resident Site Services During Construction of Appendix C –Price Proposal Form.

**A1. The Proponent shall determine the experience and qualifications required to complete the work identified under the Required Services.**

Q2. Is it acceptable to breakdown the boat(s) line item in RS 3A Consultant Site Office/Trailers(s) and Boat(s) in Appendix C – Price Proposal Form? It may be necessary to utilize and therefore provide different rates for the various types of vessels to be used for project tasks (e.g., diving, surveying, sampling, inspections, oversight, etc.) versus utilizing the same boat for all tasks.

**A2. For proposals evaluation purpose, please provide a blended rate for the vessels used. The successful Proponent shall provide a detail breakdown of vessel rates and expected duration of use after contract award.**

Q3. Please confirm the date for Raw Steel Production (US Steel) in Appendix E – Schedule. The date provided is currently May 2015.

**A3. As of Monday May 25th, all of the steel coils being shipped to Mississippi for fabrication had been loaded on railcars and are in transit. The rolled form supplier began trucking the steel coils to Cambridge Ontario for fabrication on May 22nd and expects to have picked up and shipped all of the coils by June 5th.**

Q4. Can the Owner please confirm, from section 2.3.16.1, at what depth are we to obtain a turbidity reading for the background measurement and for the compliance measurements (located 100 m from in-water work)? Is one-point at mid-depth acceptable, or are multiple depth readings required?

**A4. The depths for background turbidity measurements and compliance measurements are to be established by the Environmental Quality Monitoring Plan under Section 2.3.16.1 Water Quality Monitoring.**

Q5. Section 2.3.16.2 states that core samples must achieve a clay plug; can the Owner please provide information or an estimate for the depth at which the clay plug is expected to be achieved?

---

**A5. Information on the depth at which the clay plug is expected can be obtained from GETS by visiting their website at <http://buyandsell.gc.ca/tenders> under Solicitation No. EQ754-152367/A.**

**The following is the link to Hamilton, Ontario - Randle Reef Sediment Remediation, Stage 1 Construction. (EQ754-152367/A)**

**[Https://buyandsell.gc.ca/procurement-data/tender-notice/PW-PWL-003-2008](https://buyandsell.gc.ca/procurement-data/tender-notice/PW-PWL-003-2008)**

Q6. For RS 3A – Boat(s) – Can the Owner please confirm if a boat is required seven (7) days a week, and please clarify the working hours (i.e. 9 am to 5 pm) that the boat is required.

**A6. The boat(s) must be available seven (7) days a week during the construction season. Working hours will depend on the Construction Contractor's schedule and the requirements of this Request for Proposal.**

Q7. From Appendix C, Note 6 – Can the Owner please clarify / confirm that the estimated numbers of hours specified in the Cost tables are for bidding purposes only, and the actual number of hours required to monitor the construction will be based on the contractors schedule, the progress of construction and the site requirements?

**A7. Yes.**

All other terms and conditions of the solicitation remain the same.
