Enquiries - Bid Solicitation - Clause # 2.3

To ensure consistency and quality of information provided to bidders, significant enquiries received and the replies to such enquiries will be provided simultaneously to bidders to which the bid solicitation has been sent, without revealing the sources of the enquiries.

Here are other questions which we have received until now:

Question 3: Ref.: Annex A - section A.2 Tests - Safety Standards

Concerning these American standards of the Federal Motor Vehicle safety Standards (FMVSS), if we meet and provide the SAE or ISO standard, will that be sufficient documentation for you?

Answer 3: Whatever the documentation submitted, this documentation must prove that the offered product meets or exceeds each of the safety standards required in section A.2 of Annex A.

Question 4: Ref.: Annex A - section A.9 - specification # 25 Electric defroster (lines across the glass) for rear windows.

Do you accept a rear window defroster fan instead of lines across the glass?

Answer 4: No, a fan takes up valuable space in the cabin and makes noise even if it is a small-sized fan.

All other terms and conditions of the solicitation remain the same.
