This Addendum is raised to provide the following answers to questions provided by bidders.

The following changes in the tender documents are effective immediately. This addendum will form part of the contract documents.

QUESTION 1

Should we assume that all drilling will be done using barge rigs or will the drilling be completed on land (i.e., during low tide or off/on existing structures)?

ANSWER 1

Bidders are advised that most geotechnical drilling in the proposed agreement is anticipated to occur on or through existing structures. Over-water drilling access (use of barge) requirements shall be addressed for payment in Item 10 - Other Drilling Methods - in the Unit Price Table, as part of the Lump Sum amount.
