SCOPE OF WORK

The Department of Fisheries and Oceans (DFO) Canada, is seeking to engage the services of a construction company for the Wharf Construction Repairs at Cowichan Bay, British Columbia. Cowichan Bay is located on the East side of Vancouver Island, approximately 60 km North of Victoria.

The overall work, in general, under this contract consists of but will not necessarily be limited to the following:

- mobilization and demobilization;
- replacement of timber bearing piles with steel telescoping piles;
- replacement of select bearing piles;
- installation of select fender and batter piles;
- replacement of select sections of caps and subcaps; and
- replacement / installation of select corbels .

All work should include the supply of equipment, labour and materials (except the supplied hardware and timber which will be provided by DFO) necessary for the performance and completion of the work.

Mandatory Requirements:

- The minimum acceptable amount of Public Liability and Property Damage Insurance is \$2,000,000.00 per occurrence. All tenders **must** be accompanied by confirmation from the tenderer's insurance company that the required insurance will be available upon contract award;
- The tenderer must provide tender security, at the tenderer's own cost, in accordance with the document entitled "Tender Security Requirements" as Bid Security is required for bids over \$100,000. Under these circumstances, the Tender and **original signed Bid Bond** must be delivered to the Closing Location prior to the closing date.

Note: All tender securities (Bid Bond) will be returned except that of the successful tenderer (Bidder), which will be retained until the successful tenderer (Contractor) has completed the said contract.

Work site location: Cowichan Bay, British Columbia

Expected Start and Completion Dates:

The services of the Contractor will be commencing September 1, 2015 (approximately).

The expected completion date of this project is January 15, 2016.
