

Any representations in the tender documents are for the general information of bidders and are not to be relied upon or guaranteed by or on behalf of the owner or the owner's consultants and its subcontractor's employees, and neither the owner nor its consultants or its employees, shall be liable for any representations negligent or otherwise contained in the documents. These design documents are prepared solely for the use by the party with whom the design professional has entered into a contract and there are no representations of any kind made by the design professional to any party with whom the design professional has not entered into a contract. The contractor shall check all dimensions, elevations and other data as represented on all drawings in the set for consistency and correctness and report to the consultant any discrepancies prior to proceeding with construction. Any costs to the contractor arising from failure to execute this requirement is a cost to the contractor and not to the owner nor the consultant. This term supersedes the specifications. All construction work to be completed in accordance with all applicable code and requirements of all utilities as set out by governing authorities.
