Solicitation Amendment

Title Card Access Control System

Solicitation Amendment No. 003

This solicitation is hereby amended to provide the following questions and answers:

Q1. Upon review of the RFP for the Veterans Affairs building, I am looking for clarification where on page 14 of the document it states....“Current software and door controllers are to be replaced.....The system must: - be able to accept data transfer from the current (Summit Pro) database”

Is this to mean that the existing access control system is to be replaced with a new access control system altogether and would like the Summit Pro database to be imported into the new system?

A1. Yes, the new system will replace the existing software and door controllers and accept the transfer of the current Summit Pro database.

If your bid has already been forwarded and you wish to revise same, this revision should be sent either in a sealed envelope and mailed to the above address or by facsimile (506) 851-6759 and reach the undersigned before the appropriate closing date. The solicitation number and the closing date are to be shown on the outside of the sealed envelope or on the facsimile transmission.

All other terms and conditions of the solicitation document remain unchanged.

All enquiries concerning this amendment are to be forwarded to:
