---

This amendment 001 to 01005-160089/A is raised to respond to questions received by the industry.

**Q1.** Annex A identifies the shelters must be made of metal, aluminum or galvanized steel. Our company offers similar shelters but made from products other than those listed, would you accept other structural materials?

**A1.** Agriculture and Agri-Food Canada (AAFC) will not consider other materials as concern over durability in a field setting may be an issue.

**Q2.** Can you advise if there were any previous procurement for similar shelters, if so, what was the total dollar value?

**A2.** AAFC has purchased rain shelters in the past but not for this specific site. For the purpose of this requirement, please simply reference Annex A – Requirement to bid accordingly.
