**This amendment is raised to answer questions and make changes as follows:**

**Questions and Answers:**

**Q1:** The 2016 models will not be available at dealerships until possibly late August or early September. Although the 2016's are starting to be produced the 2015's are still available to order. Will a 2015 Model Year be acceptable for this Solicitation? If the 2015's are not available once the contract has been awarded will the 2016 Model be acceptable as long as all minimum requirements have been met? It is difficult at this time of year to guarantee a specific model year when production is switching over.

**A1:** *The unit provided must be new, and the most current model manufactured.*

**Q2:** Please clarify what is required by Power Steering Wheel (no foot pedals or hand controls).

**A2:** *The unit supplied must have a steering wheel, with power steering.*

**Q3:** Please provide minimum sizing of the tool box requested. Does this tool box need to be removable or fixed.

**A1:** *The tool box requirement has been removed.*

**Q4:** Will a cab system consisting of a bench seat with seat belts and seating for three (3) occupants be acceptable?

**A4:** Yes.

**Q5:** Will a hard copy of the Owner's Manual, a CD of the Service Manual and online access to the Manufacturer's Parts Detail System be acceptable for these requirements?

**A5:** Yes

**Q6:** Will a dyed plastic cab finish be acceptable for this requirement? .

**A6:** Yes
