

Question 3

Can we can respond to this RFP in French?

Answer 3

Yes, Proponents can respond to this RFP in the official language of their choice.

Question 4

If we suggest another CMS Drupal easier to use for your administrator, doing backup all the information you already have on your current website and by training your staff, will CMHC accept this offer knowing that it would be responsive on all platforms and much more user friendly than Drupal and as safe all for the same price?

Answer 4

As outlined in the Statement of Work, we are looking specifically to upgrade to Drupal 7 CMS. Alternative content management systems will not be considered.

Question 5

Is there a requirement to provide hosting of the CMHC website?

Answer 5

No, Hosting is not a required in this RFP.

Question 6

Would you be able to provide a list of the contributed modules used on the current website?

Answer 6

Here is a list of all the contributed modules on the site:

- AddThis
- Admin role
- Administration menu
- Backup and Migrate
- Better Formats
- Browscap

 - Search configuration
 - SWF Tools
 - Taxonomy Image
 - Token
 - Translation table
 - Vertical Tabs
 - Views
 - Views Slideshow
 - Webform
 - Wysiwyg
 - XML sitemap
-

Question 7

Does the website utilize any custom modules? If so, please provide a list and a quick description of their functionality.

Answer 7

There is one custom module on the site, with three submodules:

Granville Island A/B Testing - which is used to add A/B testing code to pages

- Granville Island Mobile Module - which provides functions for the mobile site
 - Granville Island Module - which provides some custom functions to support the theme
-

Question 8

We understand hosting is not included in the scope of this RFP. Is CMHC looking to host the solution on-premise or would CMHC be open to hosting its new site on a Drupal tuned Platform as a Service hosted outside of Canada?

Answer 8

As is stated in the RFP, hosting is:

1. Not part of this RFP.
2. Hosting will be within Canada.
