AMENDMENT 003

The objective of Amendment 003 is to bring the following changes/additions to the Request for Proposal (RFP):

- A. Clarifications
 - B. Changes to the Request for Proposal
-

A. CLARIFICATIONS

1. In the document detailing the work phases, CIC is in blue and CBSA is in red.
2. A person can be both the Project Manager and the Designer. In such a case and for evaluation purposes, the person must be presented twice. The first time focusing on the requirements/projects pertaining to a Project Manager, and the second time putting the accent on the requirements/projects specific to a Designer.
3. If documents are purged, a Reliability Status is not required for the Security Hardware Specialist. Please note that all lock barrels will be changed by the client and/or PWGSC following substantial completion. Hardware selection must be made with such modifications in mind.
4. The documents explaining the proposed work phases, as made available upon request to bidders', are sequential. Work would begin as illustrated by *044489 phasage des travaux_work phases.pdf* followed by *002280 phasage des travaux_work phases.pdf*. The clients' of other departments' existing spaces are in grey. All other colours have already been identified.

B. CHANGES TO THE REQUEST FOR PROPOSAL:

Please take note of the following changes:
