Amendment 001 has been raised to publish all answers to questions received to-date.

A. ANSWERS AND QUESTIONS

- Q1.** Will a new technology be accepted, if the bidder can demonstrate the required detection limits for all target gases and also demonstrate that the technology never needs to be recalibrated. This technology however is so new that it does not have a published user base nor mean time performance data which is asked for in other sections of the RFP.
- A1.** To be considered a compliant submission, the interested Bidder must meet all mandatory requirements, including Annex A Section 2.1.1 Maintenance Service Experience, and provide the substantiating information requested in Attachment 1 to Part 4 of the RFP - MR1.1 BIDDER'S CORPORATE EXPERIENCE.
