

STRUCTURAL

Section No.	Discipline	Description	Number of pages	Rev.
02 41 15	SR	Demolition of structural members	7	00
05 12 23	SR	Structural steel for buildings	11	00

MECHANICAL

Section No.	Discipline	Description	Number of pages	Rev.
10 44 16.19	FP	Fire Extinguishers	3	00
21 13 20	FP	Preaction System	12	00
22 11 16	Pb	Domestic Water Piping	5	00
22 13 17	Pb	Metallic Piping for Drainage and Ventilation	5	00
23 05 05	FP, Pb	Installation of Pipework	5	00
23 05 13	FP, Pb, V	Common Motor Requirements for HVAC Equipment	4	00
23 05 17	Pb, FP	Pipe Welding	5	00
23 05 29	FP, Pb, V	Hangers and Support for HVAC Piping and Equipment	6	00
23 05 49.01	MB	Seismic Restraint Systems	6	00
23 05 53.01	MB	Mechanical and Network Identification	7	00
23 05 93	Pb, V, R, ERE	Testing, Adjusting and Balancing for HVAC	6	00
23 05 94	V	Pressure Testing of Ducted Air Systems	4	00
23 07 13	I	Duct Insulation	7	00
23 07 15	I	Thermal Insulation for Piping	7	00
23 31 13.01	V	Metal Ducts - Low Pressure to 500 PA	9	00
23 33 00	V	Air Duct Accessories	6	00
23 33 14	V	Dampers - Balancing	2	00
23 33 15	V	Dampers - Operating	4	00
23 33 16	V	Dampers - Fire and Smoke	5	00
23 33 46	V	Flexible Ducts	3	00
23 36 00	V	Air Terminal Units	5	00
23 37 13	V	Diffusers, Registers and Grilles	3	00
23 55 01	V	Duct Heaters	4	00

Section No.	Discipline	Description	Number of pages	Rev.
23 74 00	V	Packaged Outdoor HVAC Equipment	10	00
23 84 13	V	Humidifiers	7	00
25 01 11	R	EMCS: Start-Up, Verification and Commissioning	7	00
25 01 12	R	EMCS: Training	3	00
25 05 01	R	EMCS: General Requirements	10	00
25 05 02	R	EMCS: Submittals and Review Process	5	00
25 05 03	R	EMCS: Project Record Documents	4	00
25 05 54	R	EMCS: Identification	3	00
25 05 60	R	EMCS: Field Installation	10	00
25 08 20	R	EMCS: Warranty and Maintenance	5	00
25 10 01	R	EMCS: Local Area Network (LAN)	3	00
25 10 02	R	EMCS: Operator Work Station (OWS)	5	00
25 30 01	R	EMCS: Building Controllers	12	00
25 30 02	R	EMCS: Field Control Devices	9	00
25 90 01	R	EMCS: Site Requirements, Applications and Systems Sequences of Operation	4	00

ELECTRICAL

Section No.	Discipline	Description	Number of pages	Rev.
26 05 00	E	Common Work Results - Electrical	12	00
26 05 02	E	Work Existing Installation	2	00
26 05 20	E	Wire and Box Connectors (0-1,000 V)	2	00
26 05 21	E	Wire and Cables (0-1,000 V)	4	00
26 05 28	E	Grounding - Secondary	3	00
26 05 29	E	Hangers and Supports for Electrical Systems	2	00
26 05 30	E	Fixing and Seismic Devices	7	00
26 05 31	E	Splitters, Junction, Pull Boxes and Cabinets	2	00
26 05 32	E	Outlet Boxes, conduit Boxes and Fittings	2	00

Section No.	Discipline	Description	Number of pages	Rev.
26 05 34	E	Conduits, Conduits Fastening and Conduit Fittings	5	00
26 27 26	E	Wiring Devices	4	00
26 28 13.01	E	Fuses - Low Voltage	2	00
26 28 16.02	E	Moulded Case Circuit Breakers	2	00
26 28 23	E	Disconnect Switches - Fused and Non-Fused	2	00
26 29 10	E	Motor Starters to 600 V	4	00
26 50 00	E	Lighting	5	00
28 31 00	E	Fire Alarm Systems	7	00

Important Note: This list of sections is used to enumerate required works, without limitation, and to attribute works to contractors according to the symbols explained here-under, and it is considered an integral part of the present specification.

All : Applicable section to all mechanical and electrical works
MB : Applicable section to mechanical works
I : Applicable section to insulation works
E : Applicable section to electrical works
ERE : Applicable section to testing, adjusting and balancing
FP : Applicable section to fire protection works
Pb : Applicable section to plumbing/heating works
V : Applicable section to ventilation/air conditioning works
R : Applicable section to automatic regulation works
SR : Applicable section to structure works

END OF SECTION
