This Amendment is issued to correct the following:

(1) RESPOND TO BIDDER'S QUESTIONS:

QUESTION 001:

3.2.1 Achievements of Proponent on Projects requires that the proponent demonstrate experience in several specialized conservation activities, which are identical to those under 3.2.2 for the conservation specialist.

Given that most architects with this experience often work as part of larger teams, and not as the prime consultant, we request that 3.2.1 be amended to allow for projects where the architect had a leading role in the conservation work, but was not necessarily the prime consultant.

ANSWER 001:

In SRE 3.2.1, we have asked for prior experience as a prime consultant on projects comparable with the WMB Asset Integrity Project. The role of an architect as a sub-consultant is quite different from that as a prime consultant and we are evaluating project-related experience for both roles. Therefore, this wording will not be amended.

QUESTION 002:

PD 4 "Existing Documentation", Section 4.1 "Available to Proponents" does not specify how to obtain this documentation. Please clarify.

ANSWER 002:

Please amend PD 4, Section 4.1 as follows:

4.1 Available to proponents upon request

Provided in the language in which the document was written (provided on CD by contacting the Contracting Authority)
