

RFSO 15-22041

Q&A # 4

August 24, 2015

Q1. The second page of Annex A – Statement of Work, where “Binder sizes required” do not correspond with “What are the deliverables”, please verify that the 2” is not required.

A1. Two inch binders may be required at a later date

Q2. You request “D” ring format and not Angle “D” as per current construction.
Is NRC indeed changing to a “D” ring?

A2. All binders should be angle D

Q3. We noticed there is no pricing form enclosed. Do you wish us to create a separate page indicating call-up quantities and prices?

A3. Yes, within the Financial Proposal, please create a page indicating call-up quantities and prices based on “What are the deliverables” within Annex A.

Q4. Is this is what meant in section 1.0 of the “Presentation of Proposal” as the “Financial Proposal”?

A4. Presentation of Proposal is a title to denote that four copies of a Technical Proposal and two copies of a Financial Proposal in two separate envelopes should be submitted.

Q5. Are we correct in understanding that the “Technical Proposal” will contain only Annex – B step 1 and Step 2 along with any certificates?

A5. Technical Proposal should include documentation substantiating Annex B as well as a sample binder.

Q6. We also request an extension until September 2nd 2015 at 14:00, in order to procure proper documentation from Lab results on vinyl.

A6. Extension granted within Q&A #3
