This amendment is raised to address the following:

- To insert missing information on page 9 of 26 of the RFP:

This information is to be inserted under: part 4 – Evaluation procedures and basis of selection, 1.1 Technical evaluation, 1.1.1. Mandatory evaluation right after the listing of the certificates of compliance:

The pre-contract award samples will be evaluated for quality of workmanship and conformance to specified materials and measurements. Minor observations will not be a reason to reject the samples unless, in the opinion of the technical evaluator, they are considered to render the items unserviceable. However, only one deviation will result in the bid being declared non-responsive.

The requirement for pre-contract award samples and certificates of compliance/test reports will not relieve the successful bidder from submitting samples and/or certificates of compliance/test reports as required by the contract terms or from strictly adhering to the technical requirement of this Request for Proposal and any resultant contract.
