

Preliminary Identification of Environmental Services Required (PIESR)

Project Title: Black Rapids Lock Rehab WBSE: Parks Client: Canada DFRP#
Project Location: Ottawa Contact info: 613 936 8160
Project Manager: Shawn Fillion

The information on this form is a preliminary recommendation based on project information provided in the ECMP Checklist in order to assist the PM in the planning stages of the project. The PM is responsible to ensure all environmental services required for the project are obtained prior to project tender. The PM should contact the ES Main Contact Person (below) to finalize the scope of studies and their schedule and budget.

Environmental Aspect	Env. Service Required (Yes No N/A)	Comments
<i>Canadian Environmental Assessment Act (2012) Requirements</i> <i>(Section 67: An authority must not carry out a project on federal lands, or exercise any power or perform any duty or function conferred on it under any Act of Parliament other than this Act that would permit a project to be carried out in whole, on federal lands, unless</i> <i>(a) The authority determines that the carrying out of the project is not likely to cause significant adverse environmental effects)</i>	No PCA is completing CEPA 2012. Ensure to arrange to identify mitigation.	Low risk: This project is not likely to cause significant adverse environmental effects. No further action required. Medium risk: ES to provide PM with relevant mitigation measures associated with project activities for inclusion in project specifications. High risk: An Environmental Effects Evaluation is required. PM to coordinate with ES to ensure that this is completed prior to tender.
Designated Substances and Hazardous Material Survey (DSHMS)	No	
Construction, Renovation and Demolition (CRD) Waste	No	
Environmental Specifications	No	
Contaminated Site Determination	No	
Storage Tanks	No	
Federal Halocarbon Regulations (FHR)	No	
Species at Risk Act (SARA)	No	Ensure this is included in PCA's CEPA 2012 report
Archaeological Assessment	No	
Abatement (lead, mould, asbestos, other)	No	
Other (specify)
