This amendment is raised to extend the bid closing from 17th September to 28th September 2015, and to publish all answers to the questions received.

Questions & Answers

Q.1 "Neither of the products we supply are in a tooth-paste form with a screw cap. Our stick is applied like lipstick and you use your fingers to apply the cream from the compact – mirror is included in our package, which is inside the compact lid.

The sticks can be supplied in one tone rather than 2-tone (both halves are the same, but this means 2 separate sticks have to be carried by the soldier and a MOQ may apply.

The standard 3-colour in the compact are black, brown and green. Other combinations can be made, if needed.

My question here is will DND review and advise whether the types of camouflage that we offer would/could be considered on this bid?"

A.1 "The requirement is for a smooth, homogenous paint with a cream paste physical form (requirement 9.0) contained in a soft squeezable container with a threaded cap (requirement 8.0) meeting all requirements outlined in Annex B. Any product meeting all these requirements will be considered."

Q.2 "Will you accept for bid samples non-colored threaded caps?"

A.2 "The colour of the threaded cap for all bid samples must match the colour of the camouflage paint contained in their respective containers in accordance with Annex B, requirement 8.0."

All other terms and conditions remain unchanged
