This amendment is raised to provide Questions and Answers as follows:

Question 1:

We note that the RFQ states in the Scope of Work, Paragraph 1.2.2, page 3-3/24: "The RFIM will be installed on fixed installations in CAF bases across Canada and also in specially designed mobile containerized systems". Will bidders need to consider the mounting details for installing the Run Flat Insertion/Removal Machine (RFIM) equipment in either the fixed or mobile situations? If so, could you please advise what those details might be?

Answer 1 :

The RFIMs are to be mounted and fixed to the horizontal floor surfaces of the fixed and mobile installations. We are expecting mechanisms such as mounting holes located on the bottom feet of the RFIM legs so that it can be anchored to the floor of these structures preventing any RFIM movement during operation and transportation.

Question 2:

In SOW page B-5/24 of the RFP, there are Specifications that are to be provided by DND. Please advise how these are to be provided.

Answer 2:

To order these documents, bidders must contact the Contracting Authority by email and the documents will be sent. Bidders should confirm receipt. If bidders have not received the documents at least ten (10) calendar days prior to bid closing date, bidders should communicate with the Contracting Authority.

ALL OTHER TERMS AND CONDITIONS REMAIN UNCHANGED.
