AMENDMENT # 008

This amendment solicitation is raised to answer question(s) from the industry.

To answer question #40 from the industry:

QUESTION 40

With regards to the Mandatory Technical Criteria, more specifically M2.1 and how it links with the stated requirements under R2, we believe the definition is too narrow and should be expanded to allow for the Project Principal to have obtained the experience with respect to offset strategies for defence procurement over a period of time.

We do not have an issue with respect to the amount of five years, but the current wording implies they must have 5 years' experience within the past 5 years (therefore implies continuous service). Given that individuals work in other areas and not necessarily specifically offset strategies, would Canada be willing to expand the criteria to include a "minimum of 5 years within the past 10 year period prior to the closing date".

ANSWER 40

With respect to Mandatory Technical Criteria M2 and M3, the required experience must have been acquired in the 5-year period prior to the closing date of this bid solicitation.

ALL OTHER TERMS AND CONDITIONS OF THE BID SOLICITATION REMAIN UNCHANGED
