The following addresses questions from interested parties to this invitation and provides clarification.

1. Clarifications, Questions and Answers

- Q1. I would also like to request the submission deadline be extended by at least 2 weeks.... We are in a "holding pattern" until we see PWGSC's responses and with the submission deadline quickly approaching, we are quickly running out of time to provide the detailed response we wish to provide. Please let me know when I should expect responses to be posted; please let me know if PWGSC is agreeable to a 2 week submission extension.
- A1. As this is an open, fair and transparent competitive process, PWGSC is not prepared to extend the time requirements to meet the needs of one potential bidder. PWGSC has, however, taken the opportunity to review the response times to the individual questions raised and is amending the Response Deadline of September 29, 2015 to ensure that all parties have an equal period of time to consider PWGSC's responses.
