This Revision is raised to replace Annex A by the attached one dated 2015-10-05.

The only change is paragraph 4 which is deleted and replaced in its entirety.

ALL OTHER TERMS AND CONDITIONS REMAIN UNCHANGED.

ANNEX A – STATEMENT OF REQUIREMENT

Introduction

Canada has a requirement to purchase replacement tires and winter tires for its diverse pursuit rated fleet excluding installation and maintenance. As officer and public safety is of primary concern, Canada will purchase tires from manufacturers that have demonstrated competence in the police pursuit rated tire field via vehicle manufacturer endorsement, and or independent testing from any one of the following agencies in North America: Michigan State Police Vehicle Test and Evaluation Program, Los Angeles County Sherriff's Department Testing, or California Highway Patrol Vehicle Testing.

Requirements

Canada has a requirement for tires and winter tires for pursuit rated vehicles, excluding installation and maintenance.

1. Offerors must:
 - a) Provide certification that the tires offered are supplied by the vehicle manufacturer as OE (Original Equipment) and/or have been recognized as pursuit vehicle replacement tires via successful completion of the Michigan State Police Vehicle Testing or Los Angeles County Sherriff's Department Testing or California Highway Patrol Testing.
 - b) In the case of new tire offerings for pursuit rated vehicles that are made available in the market place between actual testing from one of the aforementioned agencies, the offeror must certify that these offerings have been constructed using the same standards and internal testing as their current approved offerings for Pursuit rated vehicles.
 - c) Certify that their winter tire offerings are designed exclusively for winter use on Pursuit rated vehicles and are manufactured to similar standards as their all-season pursuit tire offerings.
2. As per Annex B, provide a list showing which tires are destined as fitment on each of the model(s) of pursuit rated vehicles.
3. Have a network of Canadian distribution points, such as but not limited to dealer networks or outlets, from which tires can be ordered and acquired.
4. The tires for Pursuit rated vehicles must be manufactured within two (2) years from date they are received by the client.
