Signature	Date

This amendment is raised to answer questions and make changes as follows:

Question and Answer:

Q1: My question is in regards to the warranty servicing of the unit. My experience is that Shamattawa is a fly in community with no road access. The units are being shipped out of Winnipeg therefore will the warranty servicing be done out of Winnipeg?

A1: No, the warranty service must be done in Shamattawa or within a 500 km radius.

Q2: As an OEM Dealer, we are not able to complete Warranty Repairs outside of the Dealership Service Centre. Some diagnostic equipment that may be required to work on these machines is not portable and would require that the machine be brought into the dealership for the repairs.

Please consider the wording for Service Requirement in Solicitation M5000-6-1394/A – Annex CJ.8 which states **“Service: Warranty and non-warranty service to be provided at a service centre. Parts must be provided within 48 hours of notification; or within mutually agreed upon time frames between the technical authority and the contractor.”**

A2: The wording for this requirement will not be changed as, depending on the extent of the repairs required, the authorized service dealer or agent may be required to travel to the detachment. Given the remote location of the detachment and the limited access to roads, it is not always possible to transport the unit to a service centre for warranty repairs. The detachment has a heated garage with the capabilities of performing oil changes and minor repairs on site. .

ALL OTHER TERMS AND CONDITIONS REMAIN THE SAME
