**SOLICITATION AMENDMENT 001 IS RAISED TO EXTEND THE SOLICITATION CLOSING DATE, REVISE THE EVALUATION CRITERIA, AND RESPOND TO QUESTIONS AND ANSWERS, AS FOLLOWS:**

**The solicitation closing date is extended to October 27, 2015.**

**In Annex "D", Mandatory Requirements,**

DELETE: M5. Corporate Experience in its entirety.

INSERT: M5. Corporate Experience

The Bidder as a corporate entity **must** demonstrate a minimum of two (2) project experiences within the last ten (10) years in which they were responsible for providing Emergency Medical advice and support to minimally-staffed and supplied remote medical outposts, such as those found on Navy ships, small Northern outposts, or other deployed units or civilian equivalents.

**Questions and Answers**

Q1. Is there an incumbent currently performing this work? If so, please identify them, the term and total value of the current or last contract.

*A1. Praxes Emergency Specialists Inc. of Halifax, Nova Scotia holds the current contract. The contract was issued on in January 2012 and ends November 19, 2015, with a total contract value of \$300,000.*

Q2. Please provide an idea of the number of calls experienced in the past or anticipated for the period of this contract and the frequency of these calls (average).

*A2. The number of calls varies significantly, depending on operational requirements. Calls have generally been relatively few (nine (9) or less), but depending on operational activity, could be more.*

Q3. M5 states "The Bidder as a corporate entity must demonstrate a minimum of two (2) project experiences within the last ten (10) years in which they were responsible for providing Emergency Medical Advice and support to personnel at sea." Providing emergency medical support to someone over the phone is the same whether or not the person at the other end of the call is on a military naval vessel or in any other circumstance. Because of this fact and the additional requirement for 2 previous projects providing medical advice to personnel at sea, this criteria is

clearly intended to limit responses to the incumbent contractor. Will the Crown consider removing this prejudicial criteria?

*A3. While we disagree that the mandatory criterion is prejudicial, a review with the technical authority has been conducted and the criterion revised in the above amendment. The criteria has been reviewed and revised in the above amendment.*

**ALL OTHER TERMS AND CONDITIONS REMAIN UNCHANGED.**
