
1 GENERAL

1.1 Work Covered by Contract Documents

- .1 The work of this Contract comprises the provision of all construction, labour and materials, plant, equipment and temporary facilities and all other goods and services required to complete the **NRCan and Parks Canada Fit-Ups, Greenstone Building, Yellowknife, NWT** in conformance with the Contract Documents.
- .2 The Work is not limited to work within the limits of the site but includes all work required by the Contract Documents both within and outside the property lines.

1.2 General

- .1 Drawings and Specifications are complimentary each to the other and what is call for by one shall be binding as if called for by both.

1.3 Contractor's Use of the Site

- .1 From the commencement of the Contract until acceptance of the Work, the Contractor will have full use of the site for the sole purpose of the carrying out of the Work.
- .2 Check means of access to and egress from the site and any rights and interests which may be interfered with in the course of the Work. Do not block roadways, regular accesses, entrances or exits. Coordinate vehicle and material access to site with Departmental Representative.
- .3 Use areas for work and storage as directed by the Departmental Representative.
- .4 The boundaries of the site are shown on the Drawings. Should additional areas be required for the storage of materials and/or equipment, the Contractor shall arrange with local authorities for such accommodation and pay all costs involved. Where encroachment beyond the limits of the site is necessary, make all necessary arrangements with the appropriate departments of local authorities.
- .5 Before commencement of the work, the Contractor shall agree with the Departmental Representative on mutually satisfactory location material storage.
- .6 Take necessary steps to ensure that no damage is caused to existing structures, buildings, foundations, roads, property, utilities and services during the progress of the Work. If, however, any damage is caused, repair and make good such damage at no cost to the Departmental Representative.

1.4 Site Cleanliness

.1 General:

- .1 Maintain the site in a safe, tidy and generally clean condition for the duration of the Work to the satisfaction of the Departmental Representative.
- .2 Regularly remove from the site and legally dispose of rubbish, waste materials and packaging.
- .3 Use cleaning material only on surfaces recommended by cleaning material manufacturer.
- .4 Take necessary precautions to keep dirt and dust to an acceptable level, as directed by Departmental Representative.
- .5 Remove oily rags and waste from the premises at close of each day, or more often as may be required.
