Section II: Financial Bid - 1 hard copy and 1 soft copy on CD

Section III: Certifications - 1 hard copy and 1 soft copy on CD

To assist Canada in reaching its objectives, bidders should:

- a) the bid fails to provide all the information requested to allow the Contracting Authority to fully evaluate the equivalency of each substitute product; or
- b) the substitute product fails to meet or exceed the mandatory performance criteria specified in the bid solicitation for that item.

In conducting its evaluation of the bids, Canada may, but will have no obligation to, request bidders offering a substitute product to demonstrate, at the sole cost of bidders, that the substitute product is equivalent to the item specified in the bid solicitation. - a) Proof by submitting a copy of a Certificate of Conformity from the Original Equipment Manufacturer (OEM) providing justification/explanation that the part numbers are a replacement of the OEM parts specified herein and are equivalent in form, fit, function, quality and performance to the OEM's parts specified herein; or
- b) All required technical information (as detailed in Part 3 – Bid Preparation Instructions, section I, 1. Equivalent Product) to demonstrate their technical compliance and to confirm form, fit, function, quality and performance of these replaced part numbers.

In conducting its evaluation of the bids, Canada may, but will have no obligation to, request bidders offering a substitute product to demonstrate, at the sole cost of bidders, that the substitute product is equivalent to the item specified in the bid solicitation. If the Bidder fails to provide the requested information within **five (5) business days**, Canada may declare the bid non-responsive.

### **4.2 Basis of Selection**

A bid must comply with the requirements of the bid solicitation and meet all mandatory technical evaluation criteria to be declared responsive. The responsive bid with the lowest evaluated price on an aggregate basis will be recommended for award of a contract. Canada reserves the right to accept any bid in whole or in part without negotiations.

Here is a sample using the lowest evaluated price on an aggregate basis:

	<b>Bidders</b>		
<b>Line Item No.</b>	<b>Company A Firm Unit Price in CAD dollars (including transportation cost, Customs Duties and Excise taxes)</b>	<b>Company B Firm Unit Price in CAD dollars (including transportation cost, Customs Duties and Excise taxes)</b>	<b>Company C Firm Unit Price in CAD dollars (including transportation cost, Customs Duties and Excise taxes)</b>
Item 1	\$10.00	\$8.00	
Item 2	\$5.00		\$6.00
Item 3	\$25.00	\$20.00	\$20.00
Item 4	\$15.00	\$18.00	\$20.00
Item 5	\$20.00		\$18.00

Bidders must provide the required certifications and additional information to be awarded a contract.

The certifications provided by Bidders to Canada are subject to verification by Canada at all times. The Contracting Authority will have the right to ask for additional information to verify the Bidder's certifications. ## 6.10 Certifications

### 6.10.1 Compliance

The continuous compliance with the certifications provided by the Contractor in its bid and the ongoing cooperation in providing associated information are conditions of the Contract. Certifications are subject to verification by Canada during the entire period of the Contract. If the Contractor does not comply with any certification, fails to provide the associated information, or if it is determined that any certification made by the Contractor in its bid is untrue, whether made knowingly or unknowingly, Canada has the right, pursuant to the default provision of the Contract, to terminate the Contract for default.

### 6.10.2 Federal Contractors Program for Employment Equity - Default by the Contractor

The Contractor understands and agrees that, when an Agreement to Implement Employment Equity (AIEE) exists between the Contractor and Employment and Social Development Canada (ESDC)-Labour, the AIEE must remain valid during the entire period of the Contract. If the AIEE becomes invalid, the name of the Contractor will be added to the "FCP Limited Eligibility to Bid" list. The

imposition of such a sanction by ESDC will constitute the Contractor in default as per the terms of the Contract.
