**Amendment no. 04 to the solicitation is issue to answer to a raised question.**

**QUESTIONS AND ANSWERS**

**Question no. 4:** Would Canada accept pricing in US dollars. With the current dollar volatility it would allow for a lower price to be quoted.

**Answer no. 4:** As per the solicitation Part 4, article 4.1.2, “ The price of the bid will be evaluated in Canadian dollars, applicable taxes excluded, Delivered Duty Paid (DDP) Destination, Canadian customs duties and excise taxes included.

**Question no. 5:** In the event that the option is exercised within the 2 year frame will there be an option to adjust for currency exchange?

“Canada may exercise this option at any time by sending a written notice to the Contractor at least 30 calendar days before the expiry date of the Contract. The option may only be exercised by the Contracting Authority, and will be evidenced for administrative purposes only, through a contract amendment. **This option shall be valid for a period of two (2) years from the date of award of the contract.**”

With the swings in the exchange rate this would allow for a much better price to be given to Canada for the initial deployment if we do not have to hold the rate for 2 years.

**Answer no. 5:** As per the solicitation Part 3, article 3.1.1, The requirement does not offer exchange rate fluctuation risk mitigation. Requests for exchange rate fluctuation risk mitigation will not be considered. All bids including such provision will render the bid non-responsive.

ALL OTHER TERMS AND CONDITIONS REMAIN THE SAME.
