Solicitation of Interest and Qualification - Amendment 005

Solicitation of Interest and Qualification (SolQ) Amendment No. 005 is raised to provide questions and answers and amend the SolQ.

Part 1 - Questions and Answers:

- Q1. Please confirm that the proof of controlled goods registration and designation for the corporation can be submitted at time of contract award?
- A1. Article 5.0 Solicitation Governance, has been provided for information purposes only. Traditionally, certifications are requested with the bid but may be submitted afterwards, however they must be submitted prior to contract award? Further instructions will be provided in any resultant Request for Proposal (RFP).
- Q 2. Please clarify if there is pricing required as requested in 05.2.f of Annex C.
- A2. There is no pricing required prior to the RFP phase.
- Q3. Annex D – Client Reference Forms, asks to bidders to describe the “Project Details”, and to “Describe the overall "scope" of the project”. It’s unclear how these would be substantively different answers. Will PWGSC please provide guidance on the expected / required level of detail and information for these two response requirements?
- A3. Project details and scope should be sufficient to demonstrate that the SLR has experience carrying out similar Work.
- Q4. SOIQ Amendement #3 Part II, Section 1. Please clarify that there is a full 90 days (mid-November through mid-February) to write a proposal/response? Or does that 90 day period include negotiations as part of the two-step qualification process? In which case, this would mean a shorter period that bidders will have to write and submit their proposals.
- A4. Please see Part II of this document.
- Q5. Would the contracting authority consider extending the submission timeline for the aforementioned SOIQ?
- A5. Canada will not extend the timeline for this Solicitation of Interest and Qualification.
