This amendment is raised to do the following:

**A) Project Brief**

**Delete** Title: RS 10 BILINGUAL DOCUMENTS

**Insert** title: RS 9 BILINGUAL DOCUMENTS

**B) Responses to questions:**

**Question 14:** Are day to day communications (daily inspection reports) required to be in both official languages?

**Answers 14:** Please refer to SC2 – Language Requirements, PA 1.12 – Official Languages, and RS 9- Bilingual Documents.

**Question 15:** For the costing specialist to be included with the E&E team, is he only responsible for overseeing the costing with respect to the \$2.8M abatement budget or will the \$14M budget for construction be part of their scope. Is the \$14 M budget with respect to demolition only?

**Answer 15:** Refer to PD 2.2.6 - Cost: The Costing Specialist will be responsible to oversee the \$2.8M budget for the abatement portion of the work only.

**Question 16:** Does the \$2.8M budget account for the removal of plaster and other materials to reach the asbestos (i.e. piping)?

**Answer 16:** No, the \$2.8M cost estimate is for removal of hazardous materials only. It does not include the removal of plaster and/or other materials to reach the hazardous material.

**Question 17:** It indicates that the cost specialist is to be present for the value management meetings. How many value management meetings are currently anticipated during the project?

**Answer 17:** Refer to RS 7.2.2 - Techniques: The Cost Specialist will not assist in Value Engineering meetings. The Cost Specialist will assist the Value Management Team by providing copies of the latest cost estimate and any additional cost information that may be required.

**Question 18:** It indicates that the cost specialist provides monitoring of the costs during the construction project. Can it be clarified whether the cost specialist is strictly responsible for approving change orders and overseeing invoicing questions during the project or is the cost specialist's responsibility to track the progress of the job against the existing anticipated budget of \$2.8M. Is the cost specialist responsible for overseeing all of the contractors budgets, invoicing, labour and material costs?

**Answer 18:** Refer to RS 7.3: Services - Project Stages and Specific Activities

**Question 19:** it seems that the Appendix (APPENDIX F – INFORMATION RELATED TO SECURITY REQUIREMENT) is incorrect. Is it possible for you to confirm that we need to complete **one table per individual**?

**Answers 19:** Appendix F is correct. As per SRE 3.1.5 – Security Requirement, Only proponent Organization Security Clearance is required at bid closing. Individual security requirements in Supplementary Conditions SC1 – Security Requirement will apply during the performance of the contract.
