| Part 1 | General Information: provides a general description of the requirement;   |
| Part 2 | Offeror Instructions: provides the instructions applicable to the clauses and conditions of the RFSO;   |
| Part 3 | Offer Preparation Instructions: provides offerors with instructions on how to prepare their offer to address the evaluation criteria specified;   |
| Part 4 | Evaluation Procedures and Basis of Selection: indicates how the evaluation will be conducted, the evaluation criteria which must be addressed in the offer, and the basis of selection;   |
| Part 5 | Certifications: includes the certifications to be provided;   |
| Part 6 | Security, Financial and Insurance Requirements: includes specific requirements that must be addressed by offerors; and  |
| Part 7 | 7A, Standing Offer, and 7B, Resulting Contract Clauses:<br><br>7A, includes the Standing Offer containing the offer from the Offeror and the applicable clauses and conditions;<br><br>7B, includes the clauses and conditions which will apply to any contract resulting from a call-up made pursuant to the Standing Offer. |

The Annexes include the Statement of Work, the Basis of Payment, and any other annexes

### 1.2 Summary

Supply on an "as and when" required basis a Marine Contractors' service to carry out repair and maintenance work on board Canadian Coast Guard vessels operating in Central and Arctic Region during operational or repair periods on an urgent or unplanned situations basis. Services to be in accordance with Canadian Coast Guard Statement of Work at Annex "A" for a period of one year starting on January 01, 2016 up to December 31, 2016 with the possibility of two extension periods of one year each starting January 01, 2017 up to December 31, 2017 and January 01, 2018 up to December 31, 2018 inclusively

Services shall be rendered for the following seven Canadian Coast Guard Bases:

- 1- Mont-Joli (Quebec)
- 2- Québec (Quebec)
- 3- Sorel (Quebec)
- 4- Sarnia (Ontario)
- 5- Burlington (Ontario)
- 6- Prescott (Ontario)
- 7- Parry Sound (Ontario)

---

Offerors can bid on the number of Bases of their choice. Seven Standing Offers could result of this Request for Standing Offer.

As per the Integrity Provisions under section 01 of Standard Instructions 2006 and 2007, offerors must provide a list of all owners and/or Directors and other associated information as required. Refer to section 4.21 of the Supply Manual for additional information on the Integrity Provisions.

The requirement is exempt from the provisions of the World Trade Organization Agreement on Government Procurement (WTO-AGP), Annex 4 and the North American Free Trade Agreement (NAFTA), Chapter Ten Annex 1001.2b Paragraph 1, however, it is subject to the Agreement on Internal Trade (AIT) and will be limited to suppliers in Eastern Canada in accordance with Shipbuilding, Refit, Repair and Modernization Policy (1996-12-19).

### **1.3 Security Requirements**

There is no security requirement applicable to this Standing Offer.

### **1.4 Debriefings**

Offerors may request a debriefing on the results of the request for standing offers process. Offerors should make the request to the Standing Offer Authority within **15** working days of receipt of the results of the request for standing offers process. The debriefing may be in writing, by telephone or in person.

## PART 2 - OFFEROR INSTRUCTIONS

### 2.1 Standard Instructions, Clauses and Conditions

All instructions, clauses and conditions identified in the Request for Standing Offers (RFSO) by number, date and title are set out in the [Standard Acquisition Clauses and Conditions Manual](https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual) (<https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual>) issued by Public Works and Government Services Canada.

Offerors who submit an offer agree to be bound by the instructions, clauses and conditions of the RFSO and accept the clauses and conditions of the Standing Offer and resulting contract(s).

The [2006](#) (2015-07-03) Standard Instructions - Request for Standing Offers - Goods or Services - Competitive Requirements, are incorporated by reference into and form part of the RFSO.

### 2.2 Submission of Offers

Offers must be submitted only to Public Works and Government Services Canada (PWGSC) Bid Receiving Unit by the date, time and place indicated on page 1 of the Request for Standing Offers.

### 2.3 Enquiries - Request for Standing Offers

All enquiries must be submitted in writing to the Standing Offer Authority no later than **seven (7)** calendar days before the Request for Standing Offers (RFSO) closing date. Enquiries received after that time may not be answered.

Offerors should reference as accurately as possible the numbered item of the RFSO to which the enquiry relates. Care should be taken by offerors to explain each question in sufficient detail in order to enable Canada to provide an accurate answer. Technical enquiries that are of a proprietary nature must be clearly marked "proprietary" at each relevant item. Items identified as "proprietary" will be treated as such except where Canada determines that the enquiry is not of a proprietary nature. Canada may edit the question(s) or may request that offerors do so, so that the proprietary nature of the question(s) is eliminated, and the enquiry can be answered to all offerors. Enquiries not submitted in a form that can be distributed to all offerors may not be answered by Canada.

### 2.4. Applicable Laws

The Standing Offer and any contract resulting from the Standing Offer must be interpreted and governed, and the relations between the parties determined, by the laws in force in Québec.

Offerors may, at their discretion, substitute the applicable laws of a Canadian province or territory of their choice without affecting the validity of their offer, by deleting the name of the Canadian province or territory specified and inserting the name of the Canadian province or territory of their choice. If no change is made, it acknowledges that the applicable laws specified are acceptable to the offerors.

---

## PART 3 - OFFER PREPARATION INSTRUCTIONS

### 3.1. Offer Preparation Instructions

Canada requests that offerors provide their offer in separately bound sections as follows:

Section I: Technical Offer (1 hard copy)  
Section II: Financial Offer (1 hard copy)  
Section III: Certifications (1 hard copy)

**Prices must appear in the financial offer only. No prices must be indicated in any other section of the offer.**

Canada requests that offerors follow the format instructions described below in the preparation of their offer.

- (a) use 8.5 x 11 inch (216 mm x 279 mm) paper;
- (b) use a numbering system that corresponds to that of the Request for Standing Offers.

In April 2006, Canada issued a policy directing federal departments and agencies to take the necessary steps to incorporate environmental considerations into the procurement process [Policy on Green Procurement](http://www.tpsgc-pwgsc.gc.ca/ecologisation-greening/achats-procurement/politique-policy-eng.html) (<http://www.tpsgc-pwgsc.gc.ca/ecologisation-greening/achats-procurement/politique-policy-eng.html>). To assist Canada in reaching its objectives, offerors should:

- 1) use 8.5 x 11 inch (216 mm x 279 mm) paper containing fibre certified as originating from a sustainably-managed forest and containing minimum 30% recycled content; and
- 2) use an environmentally-preferable format including black and white printing instead of colour printing, printing double sided/duplex, using staples or clips instead of cerlox, duotangs or binders.

#### Section I: Technical Offer

In their technical offer, offerors should explain and demonstrate how they propose to meet the requirements and how they will carry out the Work.

#### Section II: Financial Offer

Offerors must submit their financial offer in accordance with "Annex D". The total amount of Applicable Taxes must be shown separately.

#### Section III: Certifications

Offerors must submit the certifications required under Part 5.

## **PART 4 - EVALUATION PROCEDURES AND BASIS OF SELECTION**

### **4.1 Evaluation Procedures**

- (a) Offers will be assessed in accordance with the entire requirement of the Request for Standing Offers including the technical and financial evaluation criteria.
- (b) An evaluation team composed of representatives of Canada will evaluate the offers.

#### **4.1.1 Technical Evaluation**

##### **4.1.1.1 Mandatory Technical Criteria**

Offerors must treat sufficiently in details each criteria in order to permit a complete analysis by the evaluation team. Only offers which meet all mandatory criteria will be deemed responsive.

- a) The offeror must have a minimum of three welders certified by the Canadian Welding Bureau (CWB), two mechanics and one machinist employed on a permanent basis and having at least three years of experience in vessels repairs and refits. The offeror must show that its two mechanics and its machinist have certificates of study from a school recognized by the provincial education system. Provide their resumes, diploma or certificates of study;
- b) The offeror must have at least five years of experience in vessels repairs and refits for steel and aluminum vessels over 14 metres in length. Provide a list of at least five projects carried out complete with a brief description of the project, the cost, the customer's name and the year of execution;
- c) At offers closing date the offeror must submit evidence demonstrating its Company detains valid certification to the welding standards in accordance with the following:  
CSA W47.1-03, Certification of Companies for Fusion Welding of Steel Structures with minimum division 2 and CSA W47.2 for Fusion Welding of Aluminum Structure with minimum division 2.

### **.2 Financial Evaluation**

#### **4.1.2.1 SACC Manual Clause M0220T (2013-04-25), Evaluation of Price**

The price of the offer will be evaluated in Canadian dollars, Applicable Taxes excluded, FOB destination, Canadian customs duties and excise taxes included.

**The financial evaluation will be done by using annex "D" – Financial Evaluation.**

### **4.2 Basis of Selection**

#### **4.2.1 SACC Manual Clause M0031T (2007-05-25), Basis of Selection**

An offer must comply with the requirements of the Request for Standing Offers and meet all mandatory technical evaluation criteria to be declared responsive. The responsive offer with the lowest evaluated price will be recommended for issuance of a standing offer.

---

## PART 5 – CERTIFICATIONS AND ADDITIONAL INFORMATION

Offerors must provide the required certifications and additional information to be issued a standing offer.

The certifications provided by Offerors to Canada are subject to verification by Canada at all times. Canada will declare an offer non-responsive, will have the right to set-aside a standing offer, or will declare a contractor in default if any certification made by the Offeror is found to be untrue whether made knowingly or unknowingly during the offer evaluation period, during the Standing Offer period, or during the contract period.

The Standing Offer Authority will have the right to ask for additional information to verify the Offeror's certifications. Failure to comply and to cooperate with any request or requirement imposed by the Standing Offer Authority will render the offer non-responsive, result in the setting aside of the Standing Offer or constitute a default under the Contract.

### 5.1 Certifications Required with the Offer

Offerors must submit the following duly completed certifications as part of their offer.

#### 5.1.1 Declaration of Convicted Offences

As applicable, pursuant to subsection Declaration of Convicted Offences of section 01 of the Standard Instructions, the Offeror must provide with its offer, a completed [Declaration Form](http://www.tpsgc-pwgsc.gc.ca/ci-if/formulaire-form-eng.html) (<http://www.tpsgc-pwgsc.gc.ca/ci-if/formulaire-form-eng.html>), to be given further consideration in the procurement process.

### 5.2 Certifications Precedent to the Issuance of a Standing Offer and Additional Information

The certifications and additional information listed below should be submitted with the offer, but may be submitted afterwards. If any of these required certifications or additional information is not completed and submitted as requested, the Standing Offer Authority will inform the Offeror of a time frame within which to provide the information. Failure to provide the certifications or the additional information listed below within the time frame provided will render the offer non-responsive.

#### 5.2.1 Integrity Provisions – List of Names

Offerors who are incorporated, including those submitting offers as a joint venture, must provide a complete list of names of all individuals who are currently directors of the Offeror.

Offerors submitting offers as sole proprietorship, as well as those submitting offers as a joint venture, must provide the name of the owner(s).

Offerors submitting offers as societies, firms or partnerships do not need to provide lists of names.

#### 5.2.2 Federal Contractors Program for Employment Equity - Standing Offer Certification

By submitting an offer, the Offeror certifies that the Offeror, and any of the Offeror's members if the Offeror is a Joint Venture, is not named on the Federal Contractors Program (FCP) for employment equity "[FCP Limited Eligibility to Bid](#)" list

## PART 6 - SECURITY, FINANCIAL AND INSURANCE REQUIREMENTS

### 6.1 Insurance Requirements

The Offeror must provide a letter from an insurance broker or an insurance company licensed to operate in Canada stating that the Offeror, if issued a standing offer as a result of the request for standing offer, can be insured in accordance with the Insurance Requirements specified in Annex 'C'.

If the information is not provided in the offer, the Standing Offer Authority will so inform the Offeror and provide the Offeror with a time frame within which to meet the requirement. Failure to comply with the request of the Standing Offer Authority and meet the requirement within that time period will render the offer non-responsive.

The Contractor must submit invoices in accordance with the section entitled "Invoice Submission" of the general conditions. Invoices cannot be submitted until all work identified in the invoice is completed.

**Instruction to contracting officers:** Use the following paragraph when invoices must be accompanied by supporting documents. The documents listed are examples only and must be revised to reflect the requirement. Delete this paragraph if no supporting documents are required.

A repair report will be required for all work. The report must contain the following:

- a. The vessel name and the date upon which the inspections were conducted;
- b. A complete description of each system inspected, as well as details on the corrections made (if applicable);
- c. The name and telephone number of the person who called;
- d. The date and time of the start and end of work, as well as the number of hours for each work day;
- e. The list of material replaced, repaired or installed;
- f. A paper and electronic copy of the certificate for each system inspected;
- g. The name (in block letters) and signature of the person in charge on the vessel, attesting that the inspection seems to have been conducted in a satisfactory fashion;
- h. The breakdown of the labour and materials costs, if there are extras.

Two (2) copies of the report will be required and must be submitted to the Identified User.

## 7.6 Insurance Requirements

The Contractor must comply with the insurance requirements specified in Annex 'C'. The Contractor must maintain the required insurance coverage for the duration of the Contract. Compliance with the insurance requirements does not release the Contractor from or reduce its liability under the Contract.

The Contractor is responsible for deciding if additional insurance coverage is necessary to fulfill its obligation under the Contract and to ensure compliance with any applicable law. Any additional insurance coverage is at the Contractor's expense, and for its own benefit and protection.

The Contractor must forward to the Contracting Authority within **ten (10)** days after the date of award of the Contract, a Certificate of Insurance evidencing the insurance coverage and confirming that the insurance policy complying with the requirements is in force. For Canadian-based Contractors, coverage must be placed with an Insurer licensed to carry out business in Canada, however, for Foreign-based Contractors, coverage must be placed with an Insurer with an A.M. Best Rating no less than "A-". The Contractor must, if requested by the Contracting Authority, forward to Canada a certified true copy of all applicable insurance policies.

## 7.7 Limitation of Contractor's Liability for Damages to Canada

- (i) This section applies despite any other provision of the Contract and replaces the section of the general conditions entitled "Liability". Any reference in this section to damages caused by the Contractor also includes damages caused by its employees, as well as its subcontractors, agents, and representatives, and any of their employees.
- (ii) Whether the claim is based in contract, tort, or another cause of action, the Contractor's liability for all damages suffered by Canada caused by the Contractor's performance of or failure to perform the Contract is limited to \$10 million per incident or occurrence to an annual aggregate of \$20 million for losses or damage caused in any one year of carrying out the Contract, each year starting on the date of coming into force of the Contract or its anniversary. This limitation of the Contractor's liability does not apply to nor include:
  - (a) Any infringement of intellectual property rights;
  - (b) Any breach of warranty obligations;
  - (c) Any liability of Canada to a third party arising from any act or omission of the Contractor in performing the Contract; or
  - (d) Any loss for which the policies of insurance specified in the Contract or any other policies of insurance held by the Contractor would provide insurance coverage.
- (iii) Each Party agrees that it is fully liable for any damages that it causes to any third party in connection with the Contract, regardless of whether the third party makes its claim against Canada or the Contractor. If Canada is required, as a result of joint and several liability, to pay a third party in respect of damages caused by the Contractor, the Contractor must reimburse Canada for that amount.
- (iv) The Parties agree that nothing herein is intended to limit any insurable interest of the Contractor nor to limit the amounts otherwise recoverable under any insurance policy. The Parties agree that to the extent that the insurance coverage required to be maintained by the Contractor under this Contract or any additional insurance coverage maintained by the Contractor, whichever is greater, is more than the limitations of

---

liability described in sub article (2), the limitations provided herein are increased accordingly and the Contractor shall be liable for the higher amount to the full extent of the insurance proceeds recovered.

- (v) If, at any time, the total cumulative liability of the Contractor for losses or damage suffered by Canada caused by the Contractor's performance of or failure to perform the Contract, excluding liability described under subsection 2(a), (b), (c) and (d) exceeds \$40 million, either Party may terminate the Contract by giving notice in writing to the other Party and neither Party will make any claim against the other for damages, costs, expected profits or any other such loss arising out of the termination. However, no such termination or expiry of the Contract shall reduce or terminate any of the liabilities that have accrued to the effective date of the termination but which liabilities are subject to the limitations as specified in sub-article (1) through (4) above.
- (vi) The date of termination pursuant to this Article, shall be the date specified by Canada in its notice to terminate, or, if the Contractor exercises the right to terminate, in a notice to the Contractor from Canada in response to the Contractor's notice to terminate. The date of termination shall be in Canada's discretion to a maximum of 12 months after service of the original notice to terminate served by either Party pursuant to sub-article 5, above.
- (vii) In the event of a termination under this Article, the Contract will automatically remain in force subject to all of the same terms and conditions until the date of termination and the Contractor agrees that it will be paid in accordance with the applicable provisions as set out in the Basis of Payment, Annex B and that the Contractor's liability remains as specified in subarticles (1) through (4), above.
- (viii) Nothing shall limit Canada's other remedies, including Canada's right to terminate the Contract for default for breach by the Contractor of any of its obligations under this Contract, notwithstanding that the Contractor may have reached any limitation of its liability hereunder.

## **ANNEX "A"**

### **General Marine Works**

### **STATEMENT OF WORK**

#### **1. DESCRIPTION OF THE REQUIREMENT**

The purpose of this Standing Offer is to obtain the services of general marine contractors to repair and maintain vessels of the Canadian Coast Guard in operation in the Central and Arctic Region during the operational period or refit periods. This standing offer will be a screening tool for emergency situations during vessel operations and for situations that are unforeseen and out of control during the refit period. Most requests will be for performing work for the repair, maintenance, installation or improvement of the hull and superstructures, propulsion and manoeuvring systems, auxiliary systems, domestic systems and deck equipment. The contractor who obtains the standing offer shall provide the material and labour to perform the following main tasks:

- **Welder**
  - Repair the vessel's hull and superstructures.
  - Build and install metal structures.
  - Repair, build or replace various types of marine equipment.
  - Erect foundations on which machinery will be placed.
  - Install, assemble, build pumping systems and their piping.
  - Repair, maintain or install heat exchangers, boilers, spherical pressure vessels, recovery or disposal tanks.
- **Engineer**
  - Move, level, align and install machinery on bases or foundations.
  - Revise or refurbish various pieces of equipment such as davits, gantries, derricks, hoists, winches, cranes, motors, pumps, compressors, gearboxes, clutches, belt drives, etc.
  - Move, rig, assemble and install machinery and equipment such as shafts, bearings, gaskets, seats, tanks, valves, winches, compressors, pumps, motors, gearboxes, and clutches using chain blocks, pulleys, jiggers, lift trucks, rollers, trucks and cranes.
  - Install, maintain and repair pumping systems.
- **Machinist**
  - Use lathes, milling machines, drill presses, grinding machines for manufacturing machinery parts.
  - Set up and operate various machine tools to cut or grind plastic, metal or other materials to fabricate or modify parts or products with precise dimensions.
  - Check, using precision measuring instruments, that the dimensions of products or parts are accurate and in compliance with specifications.
- **Handler**
  - Load and unload materials and place them in work areas.
  - Transport material by truck or boom truck
  - Power machines and monitor their operation
  - Oil and grease winches, cranes and similar equipment
  - Provide assistance to qualified workers.
  - Clean work areas and place debris in disposal bins or other methods of disposal.

- 
- Clean up spills of chemical products and other contaminants
  - Strip, sand, clean and prepare surfaces to be painted.
  - Apply paint by spray gun or roller and perform retouching and finishing.

## **1.1 Cost Estimates**

There are two possible scenarios for establishing costs: urgent repair or unforeseen maintenance during a repair period.

### **Service call**

Any urgent repair when the vessel is operational will be treated as a service call and payment will correspond to the number of hours worked and the cost of material.

### **Unforeseen maintenance during refit period**

The contractor shall provide a firm, itemized, lump sum price for each call-up during a refit period. Hourly rates shall correspond to those established by this standing offer.

Each estimate shall indicate the number of hours required for each job category and the expected cost of materials, as well as the description, identification number and cost for each part.

## **1.2 Time frame**

The Contractor must be available to get to the vessel within twenty-four (24) hours of being called by the Identified User.

In case of such notice, the parties will agree on time frames according to the nature of the request.

## **1.3 Workplace safety and security**

The Contractor is responsible for performing the work in accordance with the applicable regulations and standards.

The contractor shall comply with the applicable procedures and regulations of the ISM code of the CCG.

## **1.4 Welding**

The contractor and its welders shall be certified by the Canadian Welding Bureau. The contractor shall be certified for welding steel according to CSA W47.1, division 2, and aluminum under CSA W47.2, division 2.

## **1.5 Engineer and machinist**

The contractor shall show that its two engineers and its machinist have certificates of study from a school recognized by the provincial education system.

## **1.6 Approval and acceptance**

The Inspection Authority (IA) is the person from within the Coast Guard tasked with inspection of finished products before their acceptance and processing of minor non-compliance. The Inspection Authority is identified in the call-up against the standing order and could be the Technical Authority.

All unforeseen and additional work shall be approved beforehand by the Technical Authority.

## **2. REPAIR REPORT**

A repair report will be required for all work. The report must contain the following information:

- The time and date that the repair order was made, and the service location that received the call;
- The serial number or description of the system;
- The name and telephone number of the person who called;
- The time of arrival at the vessel as well as the number of hours worked on the vessel (including the number of hours and the date for each day of work on the vessel);
- A description of the malfunction;
- A diagnosis of the defect;
- A list of materials and all parts replaced or installed;
- The name of the contractor's representative and his/her service location;
- The name (in block letters) and signature of the person responsible for the vessel attesting that the material appears to function in a satisfactory manner;
- An itemization of labour, travel and material costs

A paper copy and an electronic copy of the report in pdf format shall be provided to the Coast Guard

### **INSURANCE REQUIREMENTS**

#### **C.1 Ship Repairers' Liability Insurance**

1. The Contractor must obtain Ship Repairer's Liability Insurance and maintain it in force throughout the duration of the Contract, in an amount usual for a contract of this nature, but for not less than \$10,000,000 per accident or occurrence and in the annual aggregate

2. The Ship Repairer's Liability insurance must include the following:

- (a) Additional Insured: Canada is added as an additional insured, but only with respect to liability arising out of the Contractor's performance of the Contract. The interest of Canada as additional insured should read as follows: Canada, represented by Public Works and Government Services Canada.
- (b) waiver of subrogation rights: Contractor's insurer to waive all rights of subrogation against Canada as represented by the Department of Public Works and Government Services Canada and the Canadian Coast Guard for any and all loss of or damage to the vessel, however caused.
- (c) Notice of Cancellation: The Insurer will endeavor to provide the Contracting Authority thirty (30) days written notice of cancellation.
- (d) Contractual Liability: The policy must, on a blanket basis or by specific reference to the contract, extend to assumed liabilities with respect to contractual provisions.
- (e) Cross Liability/Separation of Insureds: Without increasing the limit of liability, the policy must protect all insured parties to the full extent of coverage provided. Further, the policy must apply to each Insured in the same manner and to the same extent as if a separate policy had been issued to each.

#### **C.2 Commercial General Liability Insurance**

1. The Contractor must obtain Commercial General Liability Insurance, and maintain it in force throughout the duration of the Contract, in an amount usual for a contract of this nature, but for not less than \$10,000,000 per accident or occurrence and in the annual aggregate

2. The Commercial General Liability Insurance policy must include the following:

- (a) Additional Insured: Canada is added as an additional insured, but only with respect to liability arising out of the Contractor's performance of the Contract. The interest of Canada should read as follows: Canada, as represented by Public Works and Government Services Canada.
- (b) Bodily Injury and Property Damage to third parties arising out of the operations of the Contractor.
- (c) Personal Injury: While not limited to, the coverage must include Violation of Privacy, Libel and Slander, False Arrest, Detention or Imprisonment and Defamation of Character.
- (d) Cross Liability/Separation of Insureds: Without increasing the limit of liability, the policy must protect all insured parties to the full extent of coverage provided. Further, the policy

must apply to each Insured in the same manner and to the same extent as if a separate policy had been issued to each.

- (e) Blanket Contractual Liability: The policy must, on a blanket basis or by specific reference to the Contract, extend to assumed liabilities with respect to contractual provisions.
- (f) Employees and, if applicable, Volunteers must be included as Additional Insured.
- (g) Employers' Liability : to protect the Contractor for liabilities arising in the management and administration of statutory and contractual entitlements of its employees.
- (h) Notice of Cancellation: The Insurer agrees to provide the Contracting Authority thirty (30) days written notice of policy cancellation.
- (i) If the policy is written on a claims-made basis, coverage must be in place for a period of at least 12 months after the completion or termination of the Contract.
- (j) Owners' or Contractors' Protective Liability: Covers the damages that the Contractor becomes legally obligated to pay arising out of the operations of a subcontractor.
- (k) Sudden and accidental Pollution Liability (minimum 72 hours): To protect the Contractor for liabilities arising from damages caused by accidental pollution incidents.

In addition, if the Contractor decides NOT to obtain Ship Repairers' Liability Insurance. (See Article C1) then the Commercial General Liability Insurance Policy must also include the following:

- a) Products and Completed Operations: Coverage for bodily injury or property damage arising out of goods or products manufactured, sold, handled, or distributed by the Contractor and/or arising out of operations that have been completed by the Contractor.
- b) Broad Form Property Damage including Completed Operations: Expands the Property Damage coverage to include certain losses that would otherwise be excluded by the standard care, custody or control exclusion found in a standard policy.
- c) Amendment to the Watercraft Exclusion to extend to incidental repair operations on board watercraft.

**ANNEX « D »**

**FINANCIAL EVALUATION**

**General notes**

- 1) The Offeror must complete the present annex for each Coast Guard Base for which it would like to provide services. The Offeror is not required to submit tenders for each base. Offers submitted for each base will be evaluated separately.
- 2) The estimated number of hours by trade is for evaluation purposes only and does not constitute minimum or maximum billable hours. The number of hours is based on the percentage of use by trade and by Coast Guard Base.
- 3) **Google Maps** will be used to determine travel time and the distance between the Offeror's place of business and each Coast Guard Base. For evaluation purposes, the travel time indicated by Google Maps will be rounded to the nearest half hour. The Offeror must attach a copy of the Google Map itinerary to its offer for each base for which it would like to submit tenders.
- 4) Only offerors having a place of business farther than 16 km from a Coast Guard Base must enter an amount in the tables under 1.1.2, 1.2.2, 1.3.2, 1.4.2, 1.5.2, 1.6.2 and 1.7.2. Offerors with a place of business less than 16 km from a Coast Guard Base must enter an amount in the tables under 2.1, 2.2, 2.3, 2.4, 2.5, 2.6 and 2.7.
- 5) The estimated number of trips for offerors with a place of business farther than 16 km is for evaluation purposes only.
- 6) Accommodation and living costs must include the hotel, per diem for meals and incidentals, if applicable, and must not exceed the rates authorized by the Treasury Board (see annex B, paragraph 1.5).
- 7) For evaluation purposes, offerors must assume that trips under 1.1.2, 1.2.2, 1.3.2, 1.4.2, 1.5.2, 1.6.2 and 1.7.2 will take place during regular working hours as specified in the "Service calls" section below.

**Service calls**

Firm hourly rate for each category listed below to complete the required tasks. The hourly rate includes overhead and profit.

The Offeror must expect and agree to work overtime outside regular working hours, Monday to Friday, Saturdays and Sundays.

Work hours and overtime will be determined as follows:

A regular work day is considered to be a period of eight (8) hours between 7 a.m. and 5 p.m., Monday to Friday, inclusive, and totaling 40 hours per week.

Overtime from Monday to Friday, inclusive, will begin after eight (8) hours of work have been performed in one day.

All prices are firm for the term of the standing offer, and no additional charges will be accepted.
