This Revision is raised to provide Questions and Answers as follows:

Question 1

1- On page 4 - 1.2 Summary table, there is only the O-Ring for the AHSVS listed as a required item however the military currently purchases also a 20" O Ring for their HLVW wheels, NSN 5330-21-257-6476, has this been missed or will the military no longer purchase this item?

Answer 1:

The NSN referred to has been cancelled (it was a duplicate) and has been replaced by NSN 5331-01-447-1691. Regardless, there is very limited consumption of the item and it will not be added to the military standing offer list.

Question 2:

2- On Page 4 - 1.2 Summary table, the NSN 2530-01-621-2773 indicated for the Tire & Wheel Assy, Airless is discontinued, the military is currently buying this item under NSN 2530-01-642-8712, could you please modify the NSN?

Answer 2:

The NSN for the "Tire and Wheel Assy, Airless" 2530-01-621-2773 will be revised to 2530-01-642-8712 in the table.

Question 3

Is there any way for you to get access to the NSN Database or get a listing of the tire NSN?

Answer 3

Access to the Canadian Government Cataloguing System (CGCS) is controlled and limited. The Summary Table attached has been updated to include the Part Number / NCAGE combinations that are catalogued against the NSNs.

Question 4

I am requesting technical data that PWGSC has on the subject items for evaluation.

Answer 4

As these are all catalogued NSNs, responses to the standing offer will be verified to confirm that the manufacturer part numbers (MPNs) proposed match those listed for each of the NSNs. If the MPNs match, they are considered acceptable.

ALL OTHER TERMS AND CONDITIONS REMAIN UNCHANGED.
