**TITLE : CYBER SECURITY OF AUTOMOTIVE SYSTEMS
AMENDMENT 008**

Included in the present amendment :

- Question and answer 15

Question 15

The questions below are related to the following paragraph from section 5 – Scope of the Work - of the Statement of Work :

"Material/support to be supplied by Contractor to DRDC Valcartier

The Contractor is responsible for purchasing the additional equipment needed to carry out its work. Purchase of equipment may include but may not be limited to small electronic components, vehicles parts like ECUs, sensors or actuators for replacing broken parts or conducting studies in an isolated/lab context, manuals and any other available vehicle related documentation required for performing the Tasks. **The total amount of all purchases should be no more than \$8,000.** The specific items to be purchased are currently not know because their choice will be based on the findings while conducting the work. The equipment, material and other supplies required for conducting this work must be acquired on an individual basis by the Contractor after having requested and received the approval from the Technical Authority. The equipment and software purchased by the Contractor under this contract must remain the property of DRDC Valcartier and must be delivered to DRDC Valcartier at the end of this Contract."

- a) We are getting the impression that If the Contractor gets approval from DRDC for purchasing equipment within the \$8,000 limit, then the contractor will get reimbursed for that equipment cost (as in the end this equipment will become DRDC asset). Is this correct?

Answer : Yes.

- b) Is this \$8,000 for the entire TA portion of the work?

Answer : The amount of \$ 8,000 is provided for information purposes only and it applies to the whole contract (firm portion and portion to be performed on an "as and when requested basis" using a Task Authorization (TA)).

- c) If the answer is Yes, then is their any breakdown per TA? OR could we spend a majority of it on 1 or 2 TAs?

Answer : There is no breakdown per TA.

***** All the other clauses and conditions remain unchanged *****
