INSERT:

- (a) The forklift **shall** have a load capacity of at least 1,800kg evaluated at a 610 mm (24 inch) load centre. The load capacity **shall not de-rate** to below the specified load capacity throughout the forklifts range of movement;

The forklift load capacity shall be based on the nominal capacity with standard 48" forks. It is understood that any attachments such as the side shifting fork positioner could have an impact on the overall lift of the vehicle but the combination installed on the vehicle is typically not a published value and will not be used for evaluation purposes.

- 2) Change the solicitation closing date from **November 19, 2015** at 2:00 PM EST to **November 25, 2015** at 2:00 PM EST.

All other terms and conditions remain unchanged.
