i). RS 2.1.11 Sub-Consultant/Specialist Coordination

and

RS 2.1.12 Additional Services

Delete: In it's entirety

Insert: **RS 2.1.11 Additional Services**

If required, any additional services will be identified at the time of each individual Call-up, and the consultant will be responsible for the provision and management of these additional services.

And

RS 2.1.12 Sub-Consultant/Specialist Coordination

The Consultant shall coordinate and manage the services of additional sub-Consultants/Specialists* required to complete project requirements in support of the requested services under a Call-Up.

* Sub-Consultants and Specialists refers to consultants outside of those included in the Consultant's Team Identification, attached at Appendix C, and as identified under TP 10.2.(d) Disbursements.

2) **REQUESTS FOR CLARIFICATION**

Q1. Can the Team Identification Form be recreated in a similar format?

R1. No, please follow the same format as the Electrical Engineering Services Request for Standing Offer.

Q2. Should the Team Identification Form include only senior staff or all staff (i.e. senior personnel, project personnel, standing offer manager, and call-up team leader)?

R2. Yes, the Consultant Team Identification is to include all staff as specified in the Electrical Engineering Services Request for Standing Offer.

Q3. Will PWGSC consider increasing the maximum number of pages from 40 to 50?

R3. No, the page count is to remain as 40.

Q4. In Sections 3.2.4 and 3.2.5, PWGSC has requested two (2) c.v.'s for the Prime and only one (1) for each of the Sub-consultants / Specialists – totaling 5 c.v.'s for each section. Will PWGSC consider increasing the number of c.v.'s for each Sub-consultant/Specialist to two (2), to allow for back-up personnel?

R4. No, please follow the instruction as specified in the Electrical Engineering Services Request for Standing Offer.

Q5. In Section 3.2.3 *Past Experience* sub section 2 a), please define “significant” as indicated to reference project size.

R5. Projects which relate closely to the Required Services described in this RFSO and projects included in the hypothetical projects section of the RFSO are to be considered significant. Proponents should select the projects which are considered significant using this criteria.

Q6 In Section 3.2.3 *Past Experience*: 'budget per discipline'. Are we to include the 'Electrical Construction Value', the 'Electrical Consulting Fee', or the 'Total Project Construction Value'? Please clarify.

R6. Electrical construction value of the project is the budget per discipline.

Q7. Will PWGSC consider extending the closing date until December 15, 2015?

R7. No, due to the tight timelines that will not be feasible.

Q8. Central Region lists Victoria County, however, based on Ontario Census Division Map, it doesn't exist. South Western Region lists Ken as a County, however, we can only identify Chatham-Kent County. The District of Parry Sound is not listed on Appendix F. The District of Rainy River is not listed on Appendix F.

R8. Please see revised Appendix F.

Q9. Also, a graphical map would be helpful.

R9. A graphical map is not available at this time, please refer to boundaries as listed in Appendix F

All other terms and conditions of the solicitation remain the same.
