This Amendment has been raised to answer the following questions. Please see attached PDFs for Attendance list and pictures of site.

On Page 1 of 19, under section Solicitation Closes

DELETE:

2015-12-03

INSERT:

2015-12-17

Question 6:

[Are] Myers submersible effluent pumps and lift out rail system ... per Section 32 32 13.13, Item 2.2.7 acceptable?

Answer 6:

Alternate pumps/systems that are capable of meeting design conditions will be approved.

Question 7:

Has a preliminary site investigation been completed for site locations?

Answer 7:

Yes, there are some preferred locations identified on the drawings. All locations must be approved by Parks Canada.

Question 8:

Has an alternative surface treatment method been considered?

Answer 8:

No, septic fields were selected to be consistent with other installations and to keep them out of sight from park visitors.

Question 9:

Could tree removal be undertaken before April 1?

Answer 9:

Potentially; Parks Canada to review possibility after contract is awarded.

Question 10:

Is the design to Alberta standards?

Answer 10:

Yes, the design was based on the Alberta Private Sewage Systems 2009 Standard of Practice.

Question 11:

Is the intent to locate field laterals between trees?

Answer 11:

Yes, tree removal shall be limited to the extent possible.

Question 12:

Are there requirements for permits?

Answer 12:

Parks Canada is responsible for obtaining all required permits.

Question 13:

How should soil testing be undertaken?

Answer 13:

The procedure is outlined in the contract specifications.

Question 14:

Are pressure distribution chambers required?

Answer 14:

Yes, per the design.

Question 15:

Can the closing date be extended?

Answer 15:

Contractor shall submit a formal request in writing to extend closing date.
