

## **CMIP21201501**

### **Escalator Removal and New Stair**

#### **Amendment No. 1**

Amendment Date: November 25, 2015

1. Lead Abatement :

A Presence of Lead Assessment has been conducted and lead dust has been found in the proposed scope of work area. The complete assessment is provided under this tender as document "CMIP Hazardous Materials Survey 2015". Bidders must allow for three days of abatement work in their schedule. Abatement to be completed by the Client (CMIP/MCIQ) once the hoarding wall has been installed by the successful bidder.

2. Onsite interviews will be conducted January 4, 2016. Bidders must be available to attend. The expected Contract Award date is January 15, 2016.
