Amendment No. 004 is raised to provide answers to the following questions:

Q1:

The package did not include a parts list for cable assembly 9383336-1. Can you provide it?

A1:

This was provided in Amendment No. 2.

Q2:

Can you please verify that MS3471W10-7SF is a valid mil-spec part number? (We are aware of a 10-6 insert arrangement for MS3471, but not 10-7). If the part number is valid, please send spec. If not, please send correct part number.

A2:

See Conesys Aero-Electric Catalogue page 73,82,83,84 (attached) for this answer.

Q3:

Can you provide a drawing or additional information for the component 9383343-1, which is called out on drawing / parts list 9376052-4?

A3:

Drawing attached

Q4:

On drawing 9375965, reference parts list 9375965-41, The documents show ITEM 1 – D38999/26WC35SN – CONNECTOR PLUG, ITEM 2 - D38999/24WC35SD – CONNECTOR PLUG (note that "/24" denotes a receptacle, not a plug), and ITEM 3 - D38999/24WC35SD – CONNECTOR RECEPTACLE. Based on the drawing, we suspect that Item 1 and Item 2 should be connector plugs, and Item 3 should be the lone connector receptacle. Please confirm correct slash number, description, and verify keying N or D for item 2.

A4:

Item 2 is D38999/26WC35PD see Attached PL

Q5:

On the part list 9375965-41 item 2, P1 and item 3, J1 have an identical part number D38999/24WC35SD and on the actual drawing 9375965 item 2, P1 and item 3, J1 are two different connectors. Shouldn't be two different part numbers?

Q5:

Answered above

ALL OTHER TERMS AND CONDITIONS OF THE ORIGINAL RFP REMAIN UNCHANGED.
