This amendment 001 is raised to amend solicitation 23239-160490/A as follows and respond to questions received by the industry:

Part1: Revisions

Part 2: Questions and Answers

Part 1: Revisions

1. Refer to p.1 of 1.

DELETE: Telephone No. (204) 984-1083

INSERT: Telephone No. (204) 891-6126

PART 2: Questions and Answers

Q1: Are the prices requested supposed to be for the whole year.

A1: The prices requested in the Excel Spreadsheet are for evaluation purposes only. These prices are the offeror's current published prices.

Q2: How is price fluctuation accounted for?

A2: Pricing will be based on a discount off the offeror's published price lists at the time of the call up.

For each product category a discount is requested (see Annex B Pricing Schedule 1), which will determine the prices throughout the Standing Offer.

The prices during the Standing Offer will be the offeror's current online or published Canadian retail price list/catalogue in effect on the date of the call up (order), less the discount offered in Pricing Schedule 1.

Q2: How does the freight work as it is FOB Resolute Bay. We use our own aircraft for cargo.

A2: It is the offeror's responsibility to transport the items to Resolute Bay. Freight will be reimbursed based on actual usage with no markup.

Q3: Can we submit a freight rate based on our costs.

A3: Freight costs must be provided on a per KG basis as per the Annex B Basis of Payment.

Q4: What is the provision for increases in the option 2nd and 3rd years.

A4: For option years, the discount offered for each product list, for each year will be applied to the prices in the offeror's current online or published Canadian retail price list/catalogue in effect on the date of the call up.

The price will be the discount offered in Annex B, Pricing Schedule 2 and 3 minus the catalogue price at time of the call up.

Q5: What would be an average weight for weekly order?

A5: In 2014, we had 17 food orders that traveled on regular sked flights with an average weight of 441 kg and we had arranged for 12 larger food orders that traveled on a charter with an average weight of 1960 kg

Q6: Are there any large orders, say at the start of the season?

A6: There is one above average order placed for early January delivery.

Q7: Is the freight for the weekly food requirements an inclusive price per pound or kilogram to Resolute ?

A7: Yes the freight per KG is all inclusive, including but not limited to all fees, packaging, shipping, and fuel surcharge.

Q8: Is the sealift products shipped in one seacan container ?

A8: The sealift order typically fills roughly 2 seacans

Q9: Is it possible to have a listing of products for the yearly sealift

A9: See example sealift order below.

Q10: Is the sealift shipping price all inclusive?

A10: Yes the price quoted for the sealift must be all inclusive pricing, including all fees, rentals, and appropriate packaging.

ALL OTHER TERMS AND CONDITIONS REMAIN UNCHANGED
