Title: Safety Valves

This solicitation amendment is to provide for clarifications regarding the Solicitation.

PART A: QUESTIONS/ANSWERS

Q1-1. With reference to Annex "A", Optional Purchase B, 1, & 2. We have not found one manufacturer that will extend firm pricing for three (3) years to cover the time frame as requested. It is really in our opinion a very unrealistic request due to many factors including the fluctuating currency exchange rates.

I was able to get quotations from the manufacturers with a one year extension.

Would you consider raising an addendum to cancel the Optional Purchase B, 1 & 2 on the above solicitation? Should I just note this on the Bid that we will send you, or is there an addendum that will be coming out to change the Option "B"?

A1-1. Given the difficulty of the bidder obtaining quoting firm prices for 3 years from the market, Canada will shorten the option period to one year.
