This Amendment 005 is raised to extend the closing date, to incorporate a new Appendix 1 – COMBINED PRICE FORM, and to issue Addendum #3 to provide a clarification, an updated specification, and to respond to a bidder's question.

### **Extension of Time**

#### **Redredging, (Paramount Site) Steveston, BC Solicitation No: F1571-155068/A**

Notice is hereby given that the time for reception of tenders previously due at  
2:00 p.m. On December 17 2015 is hereby extended to  
**2:00 p.m. on January 4, 2016.**

See the attached Addendum #3.

### **ALL OTHER TERMS AND CONDITIONS REMAIN UNCHANGED.**

\*\*\*\*\*

**NOTE TO TENDERERS:** Use the mailing label below and affix it securely to the outside of the envelope or package containing your tender. For revisions to tenders submitted by facsimile (fax # (604) 775-9381, use this sheet as the cover sheet. Always ensure your company name, return address, tender number and closing date appear legibly on the outside of your bid submission.

#### **REAL PROPERTY CONTRACTING Public Works & Government Services Canada Room 219 - 800 Burrard Street Vancouver, B.C. V6Z 0B9**

**Requisition No.:** F1571-155068/A

**Tender Closing Date & Time:** January 4, 2016 at 14:00h

**Project Description:** Redredging (Paramount Site)  
Steveston, BC

KL

**Delete:** APPENDIX 1 – COMBINED PRICE FORM

**Insert:** as Below

**APPENDIX 1 - COMBINED PRICE FORM (1 page) - REVISED**

- 1) The prices per unit shall govern in establishing the Total Extended Amount. Any arithmetical errors in this Appendix will be corrected by Canada.
- 2) Canada may reject the bid if any of the prices submitted do not reasonably reflect the cost of performing the part of the work to which that price applies.

**LUMP SUM**

The Lump Sum Amount designates Work to which a Lump Sum Arrangement applies.

- (a) Work included in the Lump Sum Amount represents all work not included in the unit price table.

**Mobilization and Demobilization:**

Moving and accommodating all labour, equipment, machinery and material on and off site

Item	Description
1	<u><b>Mobilization and Demobilization:</b></u>  Moving and accommodating all labour, equipment, machinery and material on and off site
<b>LUMP SUM AMOUNT (LSA)</b> Excluding applicable tax(es)	

**UNIT PRICE TABLE**

The Unit Price Table designates Work to which a Unit Price Arrangement applies.

- (a) Work included in each item is as described in the referenced specification section.
- (b) The Price per Unit shall not include any amounts for Work that is not included in that unit price item.

Item	Class of Labour, Plant or Material	Unit of Measurement	Estimated Quantity (EQ)	Price per Unit applicable tax(es) extra (PU)	Extended amount (EQ x PU) applicable tax(es) extra
2	<u><b>Dredging of "Class B" Material:</b></u>  Labour, equipment and machinery to dredge and remove "Class B" material as per drawings and specifications	Per cubic meter	35,000		
3	<u><b>Disposal at Sea of "Class B" Material:</b></u>  Labour, equipment and machinery to transport and dispose "Class B" material to Point Grey Disposal at Sea location as specified in tender drawings	Per cubic meter	<b>35,000</b>		
4	<u><b>REMOVED</b></u>	N/A	N/A	N/A	N/A
<b>TOTAL EXTENDED AMOUNT (TEA)</b> Excluding applicable tax(es)					

<b>TOTAL BID AMOUNT (LSA +TEA)</b> Excluding applicable tax(es)
--

**END**

This addendum will form part of the contract documents.

This Addendum 003 is issued to provide a clarification, update the specifications and to provide responses to questions from bidders.

**Clarification**

- .1 With reference to drawing SP-DR-001-Rev1, this contract will include dredging of only the "Area to Dredge – Disposal at Sea." This contract does not include dredging of the hatched "Area to Dredge – Upland Disposal."

**Under:** Section 35 20 23 Dredging

**Delete:** 1.6 Waste Management and Disposal.

**Insert:** As Below

**1.6 WASTE MANAGEMENT AND DISPOSAL**

- .1 Approximately 35,000m<sup>3</sup> of dredge material needs to be disposed of at the Point Grey - Ocean Disposal Site as approved with permit. Location of disposal site is outlined in tender drawings.
- .2 In-river disposal is not permitted.
- .3 The permit for disposal at the DAS site will be obtained by the owner.
- .4 The contractor is responsible for securing any permits and approvals for transit of materials to the DAS site at Point Grey, as specified in the contract documents.
- .5 Type of basin material in the vicinity of the general site area was investigated in 2014, and is primarily classified as Class B material:
  - .1 0.0 – 0.8m: silty sand and shells (grey), occasional gravel, loose to compact
  - .2 0.8 – 1.8m: silty medium to fine sand (grey), trace to some shells, compacted
  - .3 1.8 – 2.4m: some gravel dense with depth
- .6 This dredging area had been sampled and analysed in 2015. The analytical results indicated that, for some of the materials, Polycyclic Aromatic Hydrocarbons (PAH), metals and Polychlorinated Buphenyls (PCBs) are below Environmental Canada's Ocean Disposal Screening level. The remaining material is above Environmental Canada's Ocean Disposal Screening level and requires upland disposal.
- .7 The Contractor is responsible for transporting the dredge material to the disposal site. The transportation and handling of the dredge material must be compliant with, but not limited to safety and environmental requirements under all associated permits and approvals.
- .8 Metals, wood and recyclable materials, if any, removed during the dredging activities must be diverted appropriate recycling facilities.

**Responses to Questions from Bidders**

- Q1.** Under Section 35 20 23, Dredging, could you please explain Part 1, 1.2.11 under Measurement Procedures which states, "Removal of infilling material will not be measured for payment." What is infilling material?
- A1.** Infilling material is defined as sediment that is sloughing in or depositing during dredging operations. The Owner will not make payment for materials from outside of designated dredge area. It is the responsibility of the contractor to insure side slopes are sufficient to not allow materials from other areas to enter the dredged area.

**All other terms and conditions remain unchanged.**
