Amendment 01

This amendment is issued to distribute answers to questions from potential bidders and to extend the solicitation closing date.

1) CLOSING DATE

The closing date for tender 5P420-15-5267A, titled *Highway 93S Brushing - Banff National Park and Kootenay National Park*, is extended from December 17, 2015 until December 18, 2015 at 2:00PM Mountain Standard Time (MST).

2) BIDDER QUESTIONS

Q1 The Tender states all snow removal for work and inspection purposes shall be the responsibility of the contractor and this shall also include public roads.

A1 *Parks Canada will be plowing the roads during the winter months.*

Q2 Does this mean the contractor must remove all snow in the brushing area to ensure all stumps are 75mm in height? Does this also mean it is the Contractors responsibility to clear all snow from Highway 93S in the brushing work zones?

A2 *The Contractor is responsible for determining the work method. All work should be completed by Contract Completion Date. Parks Canada will be plowing the roads during the winter months.*

Q3 What is the purpose of the Hwy brushing project? Fuel free? Animals?

A3 *Roadway maintenance.*

Q4 The area size is provided in terms of Ha's but what are we brushing out ? All stems under a certain size? Or falling all dead stems and removing brush?

A4 *Please refer to Section 31 11 00.*

Q5 How deep off the Hwy do we go? 20m , 50m, 100m ? Both sides of the Hwy I'm guessing?

A5 *Please refer to Section 31 11 00.*

Q6 Can it be started anytime as long as it is completed by June 15? The grass seeding can be done anytime within 6 months of finishing the contract correct?

A6 *Please refer to Section 01 11 00 Part 1.8.*

Q7 Pile burning or chipping are both reasonable, how about mulching ?

A7 *Please refer to Section 31 11 00 Part 3.3.*

- Q8 I own a Fecon FTX 140 Mulcher it is an excellent tool for mulching debris I have demonstrated it for parks staff before could it be used? I gave a demonstration in a camp ground just outside of Lake Louis on the 1 A last fall, I can give you some PC persons names that attended if you wish.
- A8 *The Contractor is responsible for determining the type of work equipment that meets requirements outlined in the tender specification.*

All other terms and conditions remain unchanged.
