**This Amendment 005 is being raised to answer a question from a potential bidder as follows:**

Question 12

During the site visit walk through it was discovered that the majority of the doors had been previously worked on and likely had mortise locks once but were converted to cylindrical. During that conversion we feel sections were added to many of doors and painted over making it impossible to discover the integrity of the doors. We will not know if the structure of these doors will accommodate new mortise locks or if the door will need to be replaced until we actually install new locks. Please confirm that replacement of doors due to hidden, pre-existing conditions will be extra to the contract.

Answer 12

Replacement/Repair of doors **will not be** part of the contract. DND will be responsible. It may affect the timeline of the project however, given the time it may take to fix/replace and install the new doors.

**ALL OTHER TERMS AND CONDITIONS REMAIN UNCHANGED**
