Canada would like to clarify the following with regards to the draft Request for Proposal (RFP):

Clarifications for the draft RFP

- 1) When reviewing section 1.7 *Security Requirements* of Annex 2 – *Security and Privacy*, focus on Table 4: *EPS Security Requirements* (pages 343 to 427). Section II – *Security Requirements Traceability Matrix* (pages 428 to 524) of section 1.7 is merely a repetition of these requirements to illustrate the Security Requirements Traceability Matrix that Canada be requesting following Contract Award during the Security Assessment and Authorization process.
- 2) While the Additional Functional Requirements listed in section R6 of Attachment 2 to Part 4 – Technical Evaluation (pages 718 to 736) are currently duplicated in Part 5 of Annex 1 – Statement of Work, Suppliers should be aware that these requirements are optional. They will only be included in the resulting Contract if the Contractor identifies in its bid that it will deliver them and therefore receives the allocated points as part of the Technical Evaluation. Canada is currently reviewing the best way to present this information in the final RFP.

ALL OTHER TERMS AND CONDITIONS OF THE LOI REMAIN UNCHANGED
