Amendment 002 has been raised to make the following changes and provide answers to the following questions:

Question 1: Both Building are different in size is the floor plan the same? Is it possible to get the floor plans we are unsure which house the drawing is referring to?

Answer: The only floorplan available was already provided for KBU-190 (12218 Bison Way).

The houses in questions are between 1125sqf & 1250sqf on their main floors. I would use that as an estimate for roofing costs, both have gable roofs.

Question 2: What size is the garage (for shingles)?

Question 3: It sates to replace the doors are we to replace the jambs and casings as well? Is there a specification for this?

Answer: Just the doors are to be replaced, however minor repairs may be required to the frames or tracks ie. closet doors.

Question 4: Handrail - is there a size or type of material required?

Answer: Please use the dimensions provided in the plan for determining size of handrails, maple is preferred.

Question 5: It states may replace sub floor and eaves as required. Would this be under a cash allowance or PC sum?

Answer: There will be no cash allowances. Please cost requirements into the project total. It is recommended to anticipate the replacement of the sub-floor.
