PART 1 - GENERAL INFORMATION

1.1 Introduction

The Request for Standing Offers (RFSO) is divided into seven parts plus attachments and annexes, as follows:

- Part 1 General Information: provides a general description of the requirement;
- Part 2 Offeror Instructions: provides the instructions applicable to the clauses and conditions of the RFSO;
- Part 3 Offer Preparation Instructions: provides Offerors with instructions on how to prepare their offer to address the evaluation criteria specified;
- Part 4 Evaluation Procedures and Basis of Selection: indicates how the evaluation will be conducted, the evaluation criteria which must be addressed in the offer, and the basis of selection;
- Part 5 Certifications: includes the certifications to be provided;
- Part 6 Security, Financial and Insurance Requirements: includes specific requirements that must be addressed by Offerors; and
- Part 7 7A, Standing Offer, and 7B, Resulting Contract Clauses:
 - 7A, includes the Standing Offer containing the offer from the Offeror and the applicable clauses and conditions;
 - 7B, includes the clauses and conditions which will apply to any contract resulting from a call-up made pursuant to the Standing Offer.

The annexes include the Requirement, Statement of Work, Storage Compound Specifications, Basis of Payment, Mandatory Requirements, and Security Requirement Check List (SRCL).

1.2 Summary

The Royal Canadian Mounted Police has a requirement for a contractor to provide labour, certain materials, and supervision necessary to install and remove police emergency equipment, safety equipment, and radio/communication equipment on Royal Canadian Mounted Police (RCMP) vehicles on an "if and when" requested basis, over a twelve-month period, in the Moncton, NB area in accordance with the terms and conditions and the Scope of Work as detailed within this document or as directed by the Atlantic Region Fleet Manager or Site Authority of the RCMP "J" Division, New Brunswick.

To provide an outdoor storage compound located on-site of Contractor's installation facility in the Moncton or surrounding area that has the capacity to store a minimum of fifty (50) RCMP vehicles at any given time. The number of vehicles requiring storage is expected to fluctuate.

In conjunction with the criteria outlined in this proposal, the award of this Standing Offer will be based on capacity, service delivery turn-around time, best price, and storage availability.

It is expected that seventy-five (75) vehicles will be equipped per twelve-month period and that seventy-five (75) vehicles will be de-equipped over the same period.

For services requirements, Offerors must provide the required information as detailed in article 2.3 of Part 2 of the Request for Standing Offers (RFSO), in order to comply with Treasury Board policies and directives on contracts awarded to former public servants.

The requirement is subject to the provisions of the Agreement on Internal Trade (AIT).

The requirement is subject to a preference for Canadian goods and/or services.

1.3 Debriefings

After issuance of a Standing Offer, offerors may request a debriefing on the results of the request for standing offers process. Offerors should make the request to the Standing Offer Authority within 15 working days of receipt of the results of the request for standing offers process. The debriefing may be in writing, by telephone or in person.

1.4 Procurement Ombudsman

The Office of the Procurement Ombudsman (OPO) was established by the Government of Canada to provide an independent avenue for suppliers to raise complaints regarding the award of standing offers under \$25,000 for goods and under \$100,000 for services. You have the option of raising issues or concerns regarding the solicitation, or the award resulting from it, with the OPO by contacting them by telephone at 1-866-734-5169 or by e-mail at boa.opo@boa.opo.gc.ca. You can also obtain more information on the OPO services available to you at their website at www.opo-boa.gc.ca.

PART 2 - OFFEROR INSTRUCTIONS

2.1 Standard Instructions, Clauses and Conditions

All instructions, clauses and conditions identified in the Request for Standing Offers (RFSO) by number, date and title are set out in the *Standard Acquisition Clauses and Conditions Manual* (<https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual>) issued by Public Works and Government Services Canada.

Revision to Departmental Name: As this solicitation is issued by Royal Canadian Mounted Police (RCMP), any reference to Public Works and Government Services Canada or PWGSC or its Minister contained in any term, condition or clause of this solicitation, including any individual SACC clauses incorporated by reference, will be interpreted as reference to RCMP or its Minister.

Offerors who submit an offer agree to be bound by the instructions, clauses and conditions of the RFSO and accept the clauses and conditions of the Standing Offer and resulting contract(s).

The 2006 (2015-07-03) Standard Instructions - Request for Standing Offers - Goods or Services - Competitive Requirements, are incorporated by reference into and form part of the RFSO.

Section 01 – Integrity Provisions – Bid of 2006 referenced above is amended as follows:

Delete subsection 1.4 and 1.5 in their entirety.

Subsection 5.4 of 2006, Standard Instructions - Request for Standing Offers - Goods or Services - Competitive Requirements, is amended as follows:

Delete: 60 days
Insert: 120 days

2.1.1 SACC Manual Clauses

A3050T (2014-11-27) – Canadian Content Definition

2.2 Submission of Offers

Offers must be submitted only to the Bid Receiving Unit by the date, time, and place indicated on the cover of the Request for Standing Offer.

Tenders must be submitted in a sealed envelope clearly marked: "Tender for Vehicle Equipment Installation and Storage, Moncton area, NB; Solicitation # M4000-64731" to the attention of Alexandre Lanteigne, Procurement Officer, Procurement & Contracting.

Due to the nature of the Request for Standing Offers, transmission of offers by facsimile will not be accepted.

2.3 Enquiries - Request for Standing Offers

All enquiries must be submitted in writing to the Standing Offer Authority no later than five (5) calendar days before the Request for Standing Offers (RFSO) closing date. Enquiries received after that time may not be answered.

Offerors should reference as accurately as possible the numbered item of the RFSO to which the enquiry relates. Care should be taken by Offerors to explain each question in sufficient detail in order to enable Canada to provide an accurate answer. Technical enquiries that are of a proprietary nature must be clearly marked "proprietary" at each relevant item. Items identified as "proprietary" will be treated as such except where Canada determines that the enquiry is not of a proprietary nature. Canada may edit the question(s) or may request that Offerors do so, so that the proprietary nature of the question(s) is eliminated, and the enquiry can be answered to all Offerors. Enquiries not submitted in a form that can be distributed to all Offerors may not be answered by Canada.

2.4 Applicable Laws

The Standing Offer and any contract resulting from the Standing Offer must be interpreted and governed, and the relations between the parties determined, by the laws in force in New Brunswick.

Offerors may, at their discretion, substitute the applicable laws of a Canadian province or territory of their choice without affecting the validity of their offer, by deleting the name of the Canadian province or territory specified and inserting the name of the Canadian province or territory of their choice. If no change is made, it acknowledges that the applicable laws specified are acceptable to the Offerors.

PART 3 - OFFER PREPARATION INSTRUCTIONS

3.1 Offer Preparation Instructions

Canada requests that offerors provide their offer in separately bound sections as follows:

Section I: Technical Offer (two (2) hard copies)

Section II: Financial Offer (one (1) hard copy)

Section III: Certifications (one (1) hard copy)

Prices must appear in the financial offer only. No prices must be indicated in any other section of the offer.

Canada requests that Offerors follow the format instructions described below in the preparation of their offer.

- (a) use 8.5 x 11 inch (216 mm x 279 mm) paper;
(b) use a numbering system that corresponds to that of the Request for Standing Offers.

In April 2006, Canada issued a policy directing federal departments and agencies to take the necessary steps to incorporate environmental considerations into the procurement process Policy on Green Procurement

- 1) use 8.5 x 11 inch (216 mm x 279 mm) paper containing fibre certified as originating from a sustainably-managed forest and containing minimum 30% recycled content; and
2) use an environmentally-preferable format including black and white printing instead of colour printing, printing double sided/duplex, using staples or clips instead of cerlox, duotangs or binders.

Section I: Technical Offer

In their technical offer, Offerors should explain and demonstrate how they propose to meet the requirements and how they will carry out the Work.

The technical bid consists of the following:

- a. Completed and signed RFSO cover page;
b. Descriptive literature to substantiate compliancy to the mandatory requirements found in Annex E.

Section II: Financial Offer

Offerors must submit their financial offer in accordance with the Basis of Payment (Annex D). The total amount of Goods and Services Tax (GST) and Harmonized Sales Tax (HST) must be shown separately, if applicable.

Section III: Certifications

Offerors must submit the certifications required under Part 5.

Section IV: Additional Information

3.1.1 Offeror's Proposed Site(s) or Premises Requiring Safeguarding Measures

As indicated in Part 6 under Security Requirements, the Offeror must provide the full address(es) of the Offeror's and proposed individual(s) site(s) or premises for which safeguarding measures are required for Work Performance:

Street Address: _____ Street Address: _____
City, Province: _____ City, Province: _____
Postal Code: _____ Postal Code: _____

3.1.2 Industrial Security Program

The Company Security Officer (CSO) must ensure through the Industrial Security Program (ISP) that the Offeror(s) and proposed individual(s) hold a valid security clearance at the required level, as indicated in Part 6 – Security, Financial and Insurance Requirements.

PART 4 - EVALUATION PROCEDURES AND BASIS OF SELECTION

4.1 Evaluation Procedures

- (a) Offers will be assessed in accordance with the entire requirement of the Request for Standing Offers including the technical and financial evaluation criteria.
- (b) An evaluation team composed of representatives of Canada will evaluate the offers.
- (c) The evaluation team will determine first if there are two or more offers with a valid Canadian Content certification. In that event, the evaluation process will be limited to the offers with the certification; otherwise, all offers will be evaluated. If some of the offers with a valid certification are declared non-responsive, or are withdrawn, and less than two responsive offers with a valid certification remain, the evaluation will continue among those offers with a valid certification. If all offers with a valid certification are subsequently declared non-responsive, or are withdrawn, then all the other offers received will be evaluated.

4.1.1 Technical Evaluation

4.1.1.1 Mandatory requirements

Mandatory criteria are outlined in Annex E.

4.1.2 Financial Evaluation

The price of the offer will be evaluated in Canadian dollars, Goods and Services Tax (GST) and Harmonized Sales Tax (HST) excluded, FOB destination, Canadian customs duties and excise taxes included.

4.2 Basis of Selection

An offer must comply with the requirements of the Request for Standing Offer and meet all mandatory technical evaluation criteria to be declared responsive. The responsive offer with the lowest evaluated price will be recommended for issuance of a standing offer.

PART 5 – CERTIFICATIONS AND ADDITIONAL INFORMATION

Offerors must provide the required certifications and associated information to be issued a standing offer.

The certifications provided by offerors to Canada are subject to verification by Canada at all times. Canada will declare an offer non-responsive, will have the right to set-aside a standing offer, or will declare a contractor in default in carrying out any of its obligations under any resulting contracts, if any certification made by the Offeror is found to be untrue whether made knowingly or unknowingly during the offer evaluation period, during the Standing Offer period, or during the contract period.

The Standing Offer Authority will have the right to ask for additional information to verify the Offeror's certifications. Failure to comply and to cooperate with any request or requirement imposed by the

Standing Offer Authority may render the Offer non-responsive, may result in the setting aside of the Standing Offer or constitute a default under the Contract.

5.1 Certifications Precedent to the Issuance of a Standing Offer and Additional Information

The certifications and additional information listed below should be submitted with the offer, but may be submitted afterwards. If any of these required certifications or additional information is not completed and submitted as requested, the Standing Offer Authority will inform the Offeror of a time frame within which to provide the information. Failure to provide the certifications or the additional information listed below within the time frame provided will render the offer non-responsive.

5.1.1 Integrity Provisions - Associated Information

By submitting an offer, the Offeror certifies that the Offeror and its Affiliates are in compliance with the provisions as stated in the Standard Instructions identified in this request for standing offer. The associated information required within the Integrity Provisions will assist Canada in confirming that the certifications are true.

5.1.2 Federal Contractors Program for Employment Equity - Standing Offer Certification

By submitting an offer, the Offeror certifies that the Offeror, and any of the Offeror's members if the Offeror is a Joint Venture, is not named on the Federal Contractors Program (FCP) for employment equity "FCP Limited Eligibility to Bid" list (http://www.labour.gc.ca/eng/standards_equality/eq/emp/fcp/list/inelig.shtml) available from Employment and Social Development Canada-Labour's website.

Canada will have the right to declare an offer non-responsive, or to set-aside a Standing Offer, if the Offeror, or any member of the Offeror if the Offeror is a Joint Venture, appears on the "FCP Limited Eligibility to Bid" list at the time of issuing of a Standing Offer or during the period of the Standing Offer.

5.1.3 Former Public Servant Certification

Contracts awarded to former public servants (FPS) in receipt of a pension or of a lump sum payment must bear the closest public scrutiny, and reflect fairness in the spending of public funds. In order to comply with Treasury Board policies and directives on contracts awarded to FPS, offerors must provide the information required below before the issuance of a standing offer. If the answer to the questions and, as applicable the information required have not been received by the time the evaluation of offers is completed, Canada will inform the Offeror of a time frame within which to provide the information. Failure to comply with Canada's request and meet the requirement within the prescribed time frame will render the offer non-responsive.

Definitions:

For the purposes of this clause,

"former public servant" is any former member of a department as defined in the *Financial Administration Act* R.S., 1985, c. F-11, a former member of the Canadian Armed Forces or a former member of the Royal Canadian Mounted Police. A former public servant may be:

- a. an individual;
- b. an individual who has incorporated;
- c. a partnership made of former public servants; or

- d. a sole proprietorship or entity where the affected individual has a controlling or major interest in the entity.

"lump sum payment period" means the period measured in weeks of salary, for which payment has been made to facilitate the transition to retirement or to other employment as a result of the implementation of various programs to reduce the size of the Public Service. The lump sum payment period does not include the period of severance pay, which is measured in a like manner.

"pension" means a pension or annual allowance paid under the *Public Service Superannuation Act* (PSSA), R.S., 1985, c. P-36, and any increases paid pursuant to the *Supplementary Retirement Benefits Act*, R.S., 1985, c. S-24 as it affects the PSSA. It does not include pensions payable pursuant to the *Canadian Forces Superannuation Act*, R.S., 1985, c. C-17, the *Defence Services Pension Continuation Act*, 1970, c. D-3, the *Royal Canadian Mounted Police Pension Continuation Act*, 1970, c. R-10, and the *Royal Canadian Mounted Police Superannuation Act*, R.S., 1985, c. R-11, the *Members of Parliament Retiring Allowances Act*, R.S. 1985, c. M-5, and that portion of pension payable to the *Canada Pension Plan Act*, R.S., 1985, c. C-8.

Former Public Servant in Receipt of a Pension

As per the above definitions, is the Offeror a FPS in receipt of a pension? **YES () NO ()**

If so, the Offeror must provide the following information, for all FPS in receipt of a pension, as applicable:

- a. name of former public servant;
- b. date of termination of employment or retirement from the Public Service.

By providing this information, Offerors agree that the successful Offeror's status, with respect to being a former public servant in receipt of a pension, will be reported on departmental websites as part of the published proactive disclosure reports in accordance with Contracting Policy Notice: 2012-2 and the Guidelines on the Proactive Disclosure of Contracts.

Work Force Adjustment Directive

Is the Offeror a FPS who received a lump sum payment pursuant to the terms of the Work Force Adjustment Directive? **YES () NO ()**

If so, the Offeror must provide the following information:

- a. name of former public servant;
- b. conditions of the lump sum payment incentive;
- c. date of termination of employment;
- d. amount of lump sum payment;
- e. rate of pay on which lump sum payment is based;
- f. period of lump sum payment including start date, end date and number of weeks;
- g. number and amount (professional fees) of other contracts subject to the restrictions of a work force adjustment program.

For all contracts awarded during the lump sum payment period, the total amount of fees that may be paid to a FPS who received a lump sum payment is \$5,000, including Applicable Taxes.

5.1.4 Canadian Content Certification

This procurement is conditionally limited to Canadian goods and Canadian services.

Subject to the evaluation procedures contained in the request for standing offer, offerors acknowledge that only offers with a certification that the goods and services offered are Canadian goods and Canadian services, as defined in clause A3050T, may be considered.

Failure to provide this certification completed with the offer will result in the goods and services offered being treated as non-Canadian goods and non-Canadian services.

The Offeror certifies that:

() a minimum of 80 percent of the total price for the offer consist of Canadian goods and Canadian services as defined in paragraph 5 of clause A3050T.

For more information on how to determine the Canadian content for a mix of goods, a mix of services or a mix of goods and services, consult Annex 3.6.(9), Example 2, of the *Supply Manual*.

5.1.5 Canadian Content Definition

1. **Canadian good:** A good wholly manufactured or originating in Canada is considered a Canadian good. A product containing imported components may also be considered Canadian for the purpose of this policy when it has undergone sufficient change in Canada, in a manner that satisfies the definition specified under the North American Free Trade Agreement (NAFTA) Rules of Origin. For the purposes of this determination, the reference in the NAFTA Rules of Origin to "territory" is to be replaced with "Canada". (Consult Annex 3.6 (9) of the Supply Manual.)
2. **Canadian service:** A service provided by an individual based in Canada is considered a Canadian service. Where a requirement consists of only one service, which is being provided by more than one individual, the service will be considered Canadian if a minimum of 80 percent of the total bid price for the service is provided by individuals based in Canada.
3. **Variety of goods:** When requirements consist of more than one good, one of the two methods below is applied:
 - a. aggregate evaluation: no less than 80 percent of the total bid price must consist of Canadian goods; or,
 - b. item by item evaluation: in some cases, the bid evaluation may be conducted on an item-by-item basis and contracts may be awarded to more than one supplier. In these cases, suppliers will be asked to identify separately each item that meets the definition of Canadian goods.
4. **Variety of services:** For requirements consisting of more than one service, a minimum of 80 percent of the total bid price must be provided by individuals based in Canada.
5. **Mix of goods and services:** When requirements consist of a mix of goods and services, no less than 80 percent of the total bid price must consist of Canadian goods and services (as defined above).
For more information on how to determine the Canadian content for a mix of goods, a mix of services or a mix of goods and services, consult Annex 3.6 (9), Example 2, of the Supply Manual.
6. **Other Canadian goods and services: Textiles:** Textiles are considered to be Canadian goods according to a modified rule of origin, copies of which are available from the Clothing and Textiles Division, Commercial and Consumer Products Directorate

PART 6 - SECURITY, FINANCIAL AND INSURANCE REQUIREMENTS

6.1 Security Requirements

1. Before issuance of a standing offer, the following conditions must be met:
 - (a) the Offeror must hold a valid organization security clearance as indicated in Part 7A - Standing Offer;
 - (b) the Offeror's proposed individuals requiring access to classified or protected information, assets or sensitive work site(s) must meet the security requirements as indicated in Part 7A - Standing Offer;
 - (c) the Offeror must provide the name of all individuals who will require access to classified or protected information, assets or sensitive work sites;
 - (d) the Offeror's proposed location of work performance and document safeguarding must meet the security requirements as indicated in Part 7A - Standing Offer;
 - (e) the Offeror must provide the address(es) of proposed site(s) or premises of work performance and document safeguarding as indicated in Part 3 - Section IV Additional Information.
2. Offerors are reminded to obtain the required security clearance promptly. Any delay in the issuance of a standing offer to allow the successful Offeror to obtain the required clearance will be at the entire discretion of the Standing Offer Authority.
3. For additional information on security requirements, Offerors should refer to the Industrial Security Program (ISP) of Public Works and Government Services Canada (<http://ssi-iss.tpsgc-pwgsc.gc.ca/index-eng.html>) website.

6.2 Insurance Requirements

The Contractor must comply with the insurance requirements specified in Part 7B, Section 7. The Contractor must maintain the required insurance coverage for the duration of the Contract. Compliance with the insurance requirements does not release the Contractor from or reduce its liability under the Contract.

The Contractor is responsible for deciding if additional insurance coverage is necessary to fulfill its obligation under the Contract and to ensure compliance with any applicable law. Any additional insurance acquired or maintained by the Contractor is at its own expense and for its own benefit and protection.

The Contractor must provide a Certificate of Insurance from an insurance broker or an insurance company licensed to operate in Canada stating that the Contractor, if awarded a contract as a result of the bid solicitation, can be insured in compliance with the requirements specified in Part 7B, Section 7. The Contractor must, if requested by the Contracting Authority, forward to Canada a certified true copy of all applicable insurance policies.

If the information is not provided in the offer, the Standing Offer Authority will so inform the Offeror and provide the Offeror with a time frame within which to meet the requirement. Failure to comply with the request of the Standing Offer Authority and meet the requirement within that time period will render the offer non-responsive.

PART 7 - STANDING OFFER AND RESULTING CONTRACT CLAUSES

A. STANDING OFFER

7.1 Offer

7.1.1 The Offeror offers to perform the Work in accordance with the Statement of Work (Annex B).

7.2 Security Requirements

The following security requirements apply and form part of the Standing Offer. Refer to the Statement of Work (Annex B) and the Security Requirements Check List (Annex F).

7.2.1 Offeror's Site(s) or Premises Requiring Safeguarding Measures

Refer to the Requirement and Statement of Work (Annexes A & B) and the Security Requirements Check List (Annex F).

The Offeror must diligently maintain up-to-date the information related to the Offeror's and individual(s) site(s) or premises. The Offeror must provide the full address(es) of the Offeror's and proposed individual(s) site(s) or premises for which safeguarding measures are required for Work Performance:

Street Address: _____	Street Address: _____
City, Province: _____	City, Province: _____
Postal Code: _____	Postal Code: _____

7.2.2 Industrial Security Program

The Company Security Officer (CSO) must ensure through the Industrial Security Program (ISP) that the Offeror(s) and proposed individual(s) hold a valid security clearance at the required level, as indicated in Part 6 – Security, Financial and Insurance Requirements.

7.3 Standard Clauses and Conditions

All clauses and conditions identified in the Standing Offer and resulting contract(s) by number, date and title are set out in the Standard Acquisition Clauses and Conditions Manual (<https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual>) issued by Public Works and Government Services Canada.

Revision to Departmental Name: As this contract is issued by Royal Canadian Mounted Police (RCMP), any reference to Public Works and Government Services Canada or PWGSC or its Minister contained in any term, condition or clause of this contract, including any individual SACC clauses incorporated by reference, will be interpreted as reference to RCMP or its Minister.

7.3.1 General Conditions

2005 (2014-11-27) General Conditions - Standing Offers - Goods or Services, apply to and form part of the Standing Offer.

7.3.2 Standing Offer Reporting

The Offeror must compile and maintain records on its provision of goods, services or both to the federal government under contracts resulting from the Standing Offer. This data must include all purchases, including those paid for by a Government of Canada Acquisition Card.

The Offeror must provide this data in accordance with the reporting requirements detailed in Annex A. If some data is not available, the reason must be indicated. If no goods or services are provided during a given period, the Offeror must still provide a "nil" report.

The data must be submitted on a quarterly basis to the Standing Offer Authority.

The quarterly reporting periods are defined as follows:

1st quarter: April 1 to June 30;
2nd quarter: July 1 to September 30;
3rd quarter: October 1 to December 31;
4th quarter: January 1 to March 31.

The data must be submitted to the Standing Offer Authority no later than thirty (30) calendar days after the end of the reporting period.

7.4 Term of Standing Offer

7.4.1 Period of the Standing Offer

The period for making call-ups against the Standing Offer is twelve (12) months from date of award.

7.4.2 Extension of Standing Offer

If the Standing Offer is authorized for use beyond the initial period, the Offeror offers to extend its offer for an additional three (3) twelve (12) month period under the same conditions and at the rates or prices specified in the Standing Offer, or at the rates or prices calculated in accordance with the formula specified in the Standing Offer.

The Offeror will be advised of the decision to authorize the use of the Standing Offer for an extended period by the Standing Offer Authority thirty (30) days before the expiry date of the Standing Offer. A revision to the Standing Offer will be issued by the Standing Offer Authority.

7.5 Authorities

7.5.1 Standing Offer Authority

The Standing Offer Authority is:

Name: Alexandre Lanteigne
Title: Procurement Officer
Procurement & Contracting, Atlantic Region
Royal Canadian Mounted Police
Address: 80 Garland Avenue, Suite 1750, Mailstop #H-066
Dartmouth, Nova Scotia B3B 0J8
Telephone: 902-720-5109
Facsimile: 902-426-7136
E-mail address: alex.lanteigne@rcmp-grc.gc.ca

The Standing Offer Authority is responsible for the establishment of the Standing Offer, its administration and its revision, if applicable. Upon the making of a call-up, as Contracting Authority, he is responsible for any contractual issues relating to individual call-ups made against the Standing Offer by any Identified User.

7.5.2 Project Authority

ANNEX A – REQUIREMENTS

To provide labour, certain materials, and supervision necessary to install and remove police emergency equipment, safety equipment, and radio/communication equipment on Royal Canadian Mounted Police (RCMP) vehicles on an "if and when" requested basis, over a twelve-month (12) period, in the Moncton, NB area in accordance with the terms and conditions and the Scope of Work as detailed within this document or directed by the Atlantic Region Fleet Manager or Site Authority of the RCMP "J" Division, New Brunswick.

To provide an outdoor storage compound located on site of Contractor's installation facility in the Moncton or surrounding area that has the capacity to store a minimum of fifty (50) Royal Canadian Mounted Police (RCMP) vehicles at any one time. The number of vehicles requiring storage will fluctuate.

It is anticipated that the RCMP will avail of several contractors in the Moncton area. The number of vehicles built and stored at each site will depend on the number of successful contractors and their capacity.

In conjunction with the criteria outlined in this proposal, Standing Offer award will be based on capacity, turn-around time to deliver the service, best price and storage availability.

It is estimated that seventy-five (75) vehicles will be equipped per 12 month period and that seventy-five (75) vehicles will be de-equipped over the same period.

Period of Standing Offer:

Twelve (12) months from date of award, with three (3) additional twelve month options to extend.

SECURITY CONDITIONS WHICH WILL BE REQUIRED FROM THE SUCCESSFUL CONTRACTOR:

1. **Security Clearance:** Security Clearances will be conducted on contractor's personnel who will be responsible for discharging the duties required herein. Security Clearances to the level of "FACILITY ACCESS LEVEL 4" on the contractor and the contractor's personnel will be required by the RCMP.
2. **Vehicle Storage:** Provide a storage compound that has the capacity to store a minimum of fifty (50) vehicles at any one time. The number of vehicles requiring storage will fluctuate.

Storage compound must conform to specifications outlined in Annex C.

Inventory: A vehicle inventory list will be provided by the contractor on a monthly basis. This list will be completed by the contractor and submitted electronically or faxed to RCMP AR Fleet Section. E-mail address and fax number will be provided upon award of Standing Offer Agreement.

Storage: Inventory will be stored in such a manner as to avoid damage to and loss of the equipment. Vehicles in storage are to be started and moved at least once every two month period. Storage compounds are to be sufficiently cleared of ice and snow so that any vehicle can be made available within three business days at any time. Inventory facilities will be periodically inspected by an RCMP representative.

3. **Stored Equipment:** RCMP emergency and communications equipment will be inventoried and stored in an access controlled area used to store only RCMP equipment.

Inventory: An inventory list will be provided by the contractor on a quarterly basis. This list will be completed by the contractor and submitted electronically or faxed to RCMP AR Fleet Section. E-mail address and fax number will be provided upon award of Standing Offer Agreement

Storage: Inventory will be stored in such a manner as to avoid damage to and loss of the equipment. Inventory facilities will be periodically inspected by an RCMP representative.

4. **Access Controlled Area:** Accessible by the contractor and by security cleared personnel of the contractor and by an RCMP representative.

FACILITY REQUIREMENT:

1. Storage facility to be located on site of Contractor's installation facility in the Moncton or surrounding area.
2. Capability of providing storage for a minimum of fifty (50) police vehicles. To avoid damaging the new vehicle battery, the contractor must ensure that the battery is disconnected in the vehicles being stored at their location. Vehicles must be moved at least once every two months to avoid flattening of the tires. Lot must be cleared sufficiently of ice and snow so that any vehicle is available within three business days at any time.
3. Storage facility to meet security conditions as outlined in "Appendix B".
4. Capability to complete vehicle equipment installation within the following time frame:

Marked/Unmarked Police Package Car - within three working days
Marked/Unmarked Police Package Truck - within five working days
Unmarked Police Car - within two working days
Unmarked Police Truck - within two working days
Speciality vehicles - within five working days
5. Installation schedules will be provided by RCMP AR Fleet Section on a monthly basis. The installation schedule will specify the expected delivery date for the vehicles listed therein.
6. Vehicle Inventory: The contractor shall complete form 2132 - Vehicle Inspection sheet and submit it electronically or fax it along with the New Vehicle Information Sheet (NVIS) form to RCMP AR Fleet Section upon receipt and inspection of vehicle. A copy of Form 2132 will be provided by RCMP AR Fleet Section upon award of Standing Offer Agreement.

The original NVIS form will be stored in the vehicle glove box.
7. Capability of invoicing on a per-vehicle basis upon completion and inspection of all work and services by an RCMP representative. All services are to be itemized individually on the invoice

ANNEX B – STATEMENT OF WORK

TITLE

Standing Offer for the removal and installation of police emergency and safety equipment and for the storage of RCMP owned/operated vehicles in the Moncton, New Brunswick area.

DURATION OF STANDING OFFER

12 months from date of issue with three (3) options to extend for an additional twelve month period.

OBJECTIVE

To enter into a Standing Offer for the supply of labour, materials and supervision necessary to install and remove police emergency and safety equipment in approximately seventy-five (75) RCMP cars and trucks on an "if and when requested" basis for the Moncton, NB area.

****NOTE: ONLY RCMP APPROVED EQUIPMENT IS TO BE USED ON/IN RCMP VEHICLES. ALL EQUIPMENT MUST BE APPROVED BY THE RCMP AR FLEET SECTION PRIOR TO INSTALLATION****

****NOTE: THE CONTRACTOR MUST HAVE APPROVAL FROM RCMP AR FLEET SECTION PRIOR TO FABRICATING AND/OR SUPPLYING ANY PRODUCT FOR THE INSTALLATION OF EQUIPMENT IN RCMP OWNED VEHICLES, THIS INCLUDES BUT IS NOT LIMITED TO BRACKETS AND CAGES.**

THE CONTRACTOR SHALL INSTALL AND REMOVE THE FOLLOWING POLICE EMERGENCY EQUIPMENT AS AND WHEN REQUIRED IN CONSULT WITH RCMP INSTALLATION MANUAL AND/OR MANUFACTURER'S INSTRUCTIONS:

Decal Package

The contractor shall install decal package and conspicuity tape on fully marked police vehicles. RCMP will provide complete decal package for installation.

Removal of all decals including the conspicuity (high visibility) markings with no damage to the vehicle's paint will be done on an "if and when requested" basis.

Base Wiring

All wiring is to be installed in a neat and orderly manner and be supported by wire ties as required. All installed wiring shall be protected by high temperature nylon loom, rated at 300° Fahrenheit. All installed wiring shall not interfere with or stress manufacturers' wiring. A hole shall be drilled in the vehicle fire wall approximately 1 3/8" in diameter to accommodate lighting and police radio wiring. A grommet shall be used in holes in the vehicle to protect wiring and the hole will be sealed with a silicone sealant.

Wires shall be routed to the trunk/rear of the vehicle using existing wiring track on vehicle's passenger side

In an unmarked vehicle from the battery through the fire wall (grommet to be used) to the console, the contractor shall install two 10 gauge wires, each to have a 20 amp circuit breaker or one 8 gauge wire with a 40 amp circuit breaker.

Police Vehicle Light Bar Installation

Mounting locations will be determined and provided.

The contractor shall lower the vehicle head liner to drill a hole in the roof of the vehicle directly beneath the light bar. A rubber grommet shall be inserted in the hole to protect the light bar cables from damage and sealed with silicone or urethane to prevent water leaks to head liner.

Light bar is to be fastened using light bar manufacturers' mounting hardware.

Marked Pick-Up Truck - The light bar cable shall be routed down either the vehicle "A" or "B" pillar and terminated at the siren controller.

Marked Car / SUV - The light bar cable to be routed down the vehicle "C" pillar and terminated at the siren controller.

Additional Lighting

As determined by RCMP AR Transport, additional lighting may be required and can include:

- headlight flasher;
- deck lighting;
- directional arrow beacons;
- grill lights;
- daytime running lamp (DRL) cut out switch;
- rear view mirror light kit;
- partition mounted alley lights (for slick roof application);
- LED lights;
- visor light.

Headlight Flasher

The contractor shall install an alternating head light flasher under the hood. This unit will not interfere with vehicle components and wiring. The DRL module will be automatically over ridden during head light flasher usage.

Rear Deck Lights

The contractor shall mount rear deck lights as close to the third brake light as possible. These lights must be securely bolted to the rear deck.

Directional Arrow Beacons

The contractor shall install directional arrow beacons on the rear window deck fastened as low as possible but above high mount brake lamp. Where possible, avoid drilling holes through deck panel. Wiring shall terminate at beacon manufacturers' control panel or trunk area as required.

Grill Lights

The contractor shall install grill lights behind or in front the vehicle grill. An alternating flasher may be installed in the engine compartment to activate these lights. This unit shall not interfere with vehicle components, and wiring.

Daytime Running Lamps Switching

The contractor shall install a daytime running lamp cut-out switch to disable the headlamps at users' discretion. If a disable switch is not supported on the multifunction control panel, a small rocker switch

should be installed as close to the headlight switch as possible. Disabling lights must not trigger onboard diagnostic trouble codes. An indicator light that warns the driver when the DRL are disabled is required.

Rear View Mirror Light Kit

The contractor shall install the rear view mirror light kit as per manufacturer's instructions. Wiring will be tucked in under the head liner and routed through the passenger side "B" or "C" pillar and is to be connected to the lighting controller.

Siren Controller

The contractor shall install the siren controller. Controllers shall consist of one 3-position slide switch and at least five push button switches.

****NOTE: All powered police equipment is to be fused as per manufacturer's specifications.**

Protective Partition

The contractor shall install a protective partition in a vehicle as required between the driver and rear passenger compartments. This partition shall be installed as per manufacturer's recommendations. For older partitions still in use, a partition transfer kit will be supplied by the RCMP to facilitate installation. Prior to the installation of the partition some factory installed equipment must be disabled and removed on certain platforms (e.g. roof vent, handles, coat hooks). Installation must be performed as per the RCMP Platform Specific Installation Manual.

For SUV type vehicles, a cargo partition provided by the RCMP shall be installed between rear passenger seat and cargo areas.

Gun rack

The contractor shall install a gun rack on the protective partition as per the RCMP install manual. Wiring should be concealed from view.

Disabling of rear door handles/locks and windows.

The contractor shall disable rear door handles and locks on all vehicles equipped with a rear partition for the transport of prisoners. Windows shall be disabled with the driver maintaining the ability to operate. Changing out the door panel to a more secure version on some platforms, the addition of window barriers and a mechanical emergency door release is done at this point. The door release process must be done very meticulously to ensure the safety of the occupants. Installation must be performed as per the RCMP Platform Specific Installation Manual.

REMOVAL OF EMERGENCY EQUIPMENT

When vehicle life cycle is complete, the contractor shall remove all police equipment without damage to the equipment, vehicle and manufacturer's wiring. RCMP supplied Inventory Sheet will be completed and submitted electronically or faxed to RCMP AR Fleet Section. When removing equipment contractor must also remove all seats and diligently check entire vehicle to ensure no confidential or hazardous materials have been left in the vehicle.

Daytime running lamps will be reconnected. Rear door handles, locks and windows will be re-activated. Secure idle will be disconnected. Contractors must advise AR Fleet Section when a vehicle is received at their location without all seats. AR Fleet Section will locate the seats which must be re-installed prior to disposal.

In consultation with AR Fleet Section, equipment, when required, will be restored. Equipment will be stored until it is to be used on a future install or until it is returned to an RCMP facility for disposal. Decals will be removed on an "as required" basis and will not be part of the standard de-equip.

Consistency

All components and wiring installed in police vehicles shall be located/routed exactly the same on same model vehicles.

All work is to be performed at the contractor's workplace. The contractor shall pick up and deliver major components supplied by the RCMP at "J" Division Warehouse. The address will be provided upon award of the Standing Offer.

The contractor shall supply his/her own tools as well as consumable items such as bolts, screws, wires, connectors, high temperature loom and tie wraps.

COMMUNICATIONS EQUIPMENT INSTALLATION

Communications equipment will be issued by RCMP IT Operations, to be used for replacement of old or damaged equipment and for new vehicle installations. This equipment is to be housed in an access controlled area. The communication equipment includes:

- radios;
- data modem;
- computer;
- computer mounts;
- antenna;
- card reader;
- printers.

Console Equipment Mounting

The contractor shall fabricate brackets to mount the siren, radio and switch panel on the transmission hump of the vehicle when approved by AR RCMP Fleet Section. Care must be taken when utilizing self-tapping screws to prevent excessive lengths of the screw making contact with the drive shaft, vehicle transmission, control heads mounted in dash, wiring and modules.

The contractor will be required to recondition mounting brackets being removed from existing vehicles. This includes: removing toggle switches, terminal strip, tubular filters, fuse block assembly and lighter; cleaning the components, painting the console; reassembly.

Computer Mount

The computer mount is a communications equipment mount, complete with mounting rail, equipment housing and docking station with an adjuster. This mount is supplied by the RCMP and installed in designated vehicles.

The contractor shall install RCMP supplied radio transceiver and RCMP supplied loud hailer/siren units in the mount with docking station/relay box. This includes the installation of the mount in RCMP cars/trucks and any modifications necessary to mount/housing. The contractor shall install the antenna and cable on roof mount. The contractor shall install the loudhailer/siren speaker mounted under the hood or externally.

The contractor will be required to recondition the computer mount. This includes: fuse block assembly, lighter plugs, armrest, wiring: repair switch, lights, wiring. Check docking station for functionality and contact RCMP IT Operations if repairs are required. Clean components, paint if required and reassemble.

Auxiliary radio transceivers and RCMP radio transceivers

RCMP supplied auxiliary transceivers are used for special uses, such as Citizens Band. The RCMP radio transceivers include both trunk mount and front mount units.

The contractor shall install an auxiliary radio transceiver in installed computer mount for RCMP car/trucks. This includes any modifications necessary to mount/housing.

Telecommunications Antennas

All radio antennas will be provided by IT Ops and installed by the contractor in RCMP vehicles. Most antennas will be roof mounted. Number and type of antenna to be determined and specified on the work order for vehicle installation. Four (4) will be the maximum number installed on any one vehicle. Installation manual should be consulted for proper antenna spacing.

Unmarked vehicles require low profile disguised antennas and/or glass mount antennas.

External Transceiver Speaker

An external speaker is provided with each radio. It is mounted between the two front seats on the recessed panel portion of the partition.

Computer Installation

The computer mount includes a baseplate to which the computer mount and consoles are attached.

Miscellaneous Items

The contractor shall as required and approved by AR RCMP Fleet and as per manufacturer's instructions:

- Install RCMP loud hailer/siren unit, undisguised mount (without console or mount), in RCMP cars and trucks.

- Install video incident capture system (VICS) equipment complete with accessories and antenna.
- Install radar speed metre equipment complete with antenna in RCMP cars and trucks.
- Install GO Lights as/when required.

REMOVAL OF COMMUNICATIONS EQUIPMENT

When the vehicle life cycle is complete, the contractor shall remove all communications equipment without damage to the equipment, vehicle and manufacturer's wiring. Removal of all items noted above is to include restoration of all wiring and tagging (as directed) and approved by AR RCMP Fleet and RCMP IT Ops. RCMP supplied Inventory Sheets will be completed by contractor and submitted electronically or faxed to RCMP AR Fleet Section and RCMP IT Ops. Equipment will be stored on the contractor's site until it is to be used on a future install or until it is returned to an RCMP facility for disposal.

Consistency

All components and wiring installed in police vehicles will be located/routed exactly the same on same model vehicles.

All work is to be performed at the contractor's workplace. The contractor will pick up and deliver major components supplied by the RCMP at HQ's Warehouse. The address will be provided on reward of Standing Offer.

The contractor is to supply his/her own tools as well as consumable items such as bolts, screws, wires, connectors, high temperature loom and tie wraps. All bolts, screws, and washers must be cadmium plated to prevent rust.

****NOTE:** Electronic equipment will not be refurbished by the contractor. Any electronic equipment requiring refurbishing will be returned to RCMP facility. In these instances, the contractor is required to notify AR RCMP Fleet who will provide instruction.

PREPARATION OF VEHICLES FOR AUCTION

The contractor shall provide the Vehicle car code, Vehicle Identification Number and the odometer reading to AR RCMP Fleet which will signify that the vehicle is ready for disposal. The AR RCMP Fleet will arrange for vehicle pick-up and disposal.

Daytime running lamps, rear door handles, locks and windows will be reconnected.

Secure idle will be disconnected.

Contractors must advise AR Fleet Section when a vehicle is received at their location without all seats and consoles. AR Fleet Section will locate the seats which must be re-installed prior to disposal.

Original Certificates of Registration are required to be in every vehicle before release for to GC Surplus.

Contractors must notify the RCMP Fleet Analyst immediately if Certificate of Registration and spare keys are not with vehicles when dropped off for disposal.

Diligence must be taken, including removal and reinstallation of all seats, to insure no hazardous or confidential materials remain in the vehicle prior to releasing vehicle to GC Surplus. Contractors must advise the RCMP Fleet Analyst immediately if any materials are found.

DELIVERABLES

The contractor shall provide equipment installation and repair cost sheets for each work order. The contractor shall complete an inventory sheet for RCMP equipment in his/her possession on a quarterly basis.

The contractor shall immediately notify AR RCMP Fleet of any equipment that is damaged or lost while at the contractor's facility.

The contractor shall immediately notify AR RCMP Fleet of any items found in the RCMP vehicles. AR RCMP Fleet will advise on what to do with the found items.

The contractor shall notify AR RCMP Fleet of any equipment that is deemed redundant and provide the AR RCMP Fleet with the vehicle number from which the equipment was taken. The equipment will be sent back to RCMP facility or disposed of as instructed by the RCMP AR Transport

GOVERNMENT FURNISHED SUPPORT/EQUIPMENT

AR RCMP Fleet will provide the contractor with a listing of RCMP vehicles for equipment installation and/or removal on a monthly basis, minimum.

AR RCMP Fleet will provide the contractor with a list of equipment items to be installed or removed on each vehicle.

The RCMP will supply major components and emergency equipment. The components and emergency equipment supplied by the RCMP may be new, used or require refurbishing by the contractor as per direction from RCMP AR Transport.

CARE, CONTROL AND CUSTODY

The contractor is responsible for the care, control and custody of RCMP vehicles and equipment while performing any services pursuant to the terms of the standing offer. Any misuse or abuse of RCMP vehicles and/or equipment could result in immediate withdrawal from the Standing Offer.

MANDATORY REQUIREMENTS FOR THE PROVISION OF THE SERVICE

All work will be fully guaranteed for a period of ninety (90) days. Defects identified during the warranty period will be repaired free of charge. If vehicle has been transferred to a remote location, the contractor is required to provide telephone troubleshooting services in order to resolve warranty issues. If the vehicle

is unable to return to the contractor's facility, the contractor will be responsible for the costs incurred to have the defect repaired by another supplier.

Any damage to vehicles or emergency equipment resulting from improper storage of such items will be the responsibility of the contractor to repair or replace in consultation with AR RCMP Fleet Section.

The successful contractor will maintain minimum liability insurance of \$1,000,000 against the loss and/or damage of RCMP property in their care, custody or control pursuant to the terms of the standing offer.

DELIVERY: REQUIRED DELIVERY WILL BE STATED ON THE WORK ORDER

Vehicles considered "on the install schedule" are vehicles for which Fleet Management have not been notified are ready for service. Fleet Management must be notified, by the contractor, via e-mail, that vehicles are ready for service. Vehicles cannot be released until authorized by RCMP Fleet Analyst.

The contractor will ensure only authorized contractor personnel drive RCMP vehicles. All contractor personnel required to drive the RCMP vehicles will have a clean drivers abstract. A driver's abstract for each contractor personnel performing the services will be provided to the RCMP Fleet Manager, or designated representative, prior to commencement of service. Any contractor personnel with a poor driving record can be rejected. It is the contractor's responsibility to provide the RCMP Fleet Manager or designated representative with this documentation.

All marked vehicles must display a visible "Out of Service" sign, as well as a covering over the light bar which will be supplied upon award of the Standing Offer Agreement.

All installations will be in accordance with Provincial Legislation with respect to the Provincial Highway Act.

All installations will also be in accordance with National/Provincial standards.

All connectors will be soldered and double wall heat shrunk. **No cabling or wiring is to be cut. It will be coiled and tied only.**

All dismantling and removal of equipment on RCMP vehicles will be done in the same method that was used in the installation of equipment.

The contractor will have capability to securely store all RCMP owned accessories until they are to be used to complete a vehicle install, returned to RCMP facility or disposed of by the RCMP.

The contractor will have capability to provide all services on site.

SERVICE QUALITY REQUIREMENTS

1. The RCMP may perform any inspection thought necessary to ensure that installations meet the standards described in this specification. The contractor will be promptly notified when the standard for vehicle retrofit has not been met. The contractor will be responsible for jockey service as described herein and rectifying all deficiencies.
2. The battery must be disconnected whenever the contractor is working on any police motor vehicle. This is required in order to prevent discharge of battery, electrical circuits shorting out, fuses blowing and vehicle fires.
3. The contractor must check for wiring/wiring harness, fuel lines, fuel tanks, drive shaft, air bag sensors and coolant lines whenever drilling holes on any police motor vehicle to prevent damage.
4. The contractor must report any damaged part or damaged vehicle to AR RCMP Fleet prior to repairing. The contractor is responsible for any damages due to negligence during the entire period the vehicle is in their custody. No costs for such repairs shall be borne by the RCMP.

5. All RCMP equipment installed by the contractor must be in good operating condition. If it is not, the contractor will notify AR RCMP Fleet immediately.
