Amendment 003 is raised for the following:

**To extend the bid closing from January 19, 2016 until January 21, 2016.**

Q9 - Who will use the washers and dryers and how these will be used?

A 9 – They are for the senior ranking military members staying in house on course or taskings in Halifax.

Q 10 - Will washers and dryers be installed individually in each family unit or in a common residential place like a dorm or barracks?

A 10 – We are replacing old machines that are worn out. There is a laundry room established with plumbing complete.

Q11 - Who “a single family or families or single soldier or group of soldiers, etc” will use the washers and dryers?

A 11 – All of the above.

Q12 - There are not enough information about installation requirements. For example:

- i. How long cable is needed to plug in a washer and dryer? Will a standard cable that comes with each washer and dryer is enough to plug in the existing electric supply?

A12i - Yes, the electrical outlet is right behind the machine.

- ii. Do you have existing water supply close enough that standard inlet and outlet hoses will be enough to connect with the water supply? Standard inlet and outlet hoses are usually 4 or 5 feet long.

A12ii - yes

- iii. How long exhaust “hose” should be provided with each dryer?

A12iii - The stock one will be long enough

- iv. Do you have existing exhaust outlet install where dryer’s exhaust outlet will be attached?

A12iv - Yes, right behind it

**A12 - Installation has been removed from the requirement.**

Q13 - If washers and dryers are installed in a common place, how many units will be installed in one place?

A 13 – DND will install. 2 sets in each room, and one room on every floor

Q 14 - For how long each washer and dryer will be used per day? Will this usage be for 7 days a week?

A14 – Probable average of 4 hours per day 7 days a week

Q 15 - It will be better if end customer delete installation from the requirement and limit the requirement to purchase and delivery of the washers and dryers.

A 15 - Installation has been removed from the requirement.

Q16 - Since capacity has a range of 4.5 to 7.5 cu feet, we would like to know how many people will use it, to estimate the require capacity.

A 16 – Capacity of machines is as indicated in the technical requirement.

Q17 – Information about the area that washer and dryers will be used. Second floor? Clean area?

A 17 - Every floor, and yes, the areas are spotless.

The solicitation document is revised as follows:

**#1 – At page 2 of 11, 1.1, Requirement:**

Delete:

**1.1 Requirement**

The Department of National Defence has a requirement for the supply, delivery, and installation of washers and dryers as detailed in Annex A. Delivery to Juno Tower, Stadacona, CFB Halifax, Halifax, N.S.

Insert:

**1.1 Requirement**

The Department of National Defence has a requirement for the supply and delivery of washers and dryers as detailed in Annex A. Delivery to Juno Tower, Stadacona, CFB Halifax, Halifax, N.S.

**#2 – At page 5 of 11, 6.2, Requirement:**

Delete:

**6.2 Requirement**

The Department of National Defence has a requirement for the supply, delivery, and installation of washers and dryers as detailed in Annex A. Delivery to Juno Tower, Stadacona, CFB Halifax, Halifax, N.S.

Insert:

**6.2 Requirement**

The Department of National Defence has a requirement for the supply and delivery of washers and dryers as detailed in Annex A. Delivery to Juno Tower, Stadacona, CFB Halifax, Halifax, N.S.

**#3 – At page 9 of 11, Annex A, Requirement:**

Delete Annex A in its entirety and replace with the following:

**ANNEX A**
